

Shock Absorption Silicone Foam Sponge Sealing UL94-V0 For Battery Packs

Our Product Introduction

more products please visit us on siliconerubber-product.com

Basic Information

- Place of Origin: China
- Brand Name: zhonglei

Product Specification

- Port: Shenzhen
- Material: Silicone
- Color: White
- Design Printing: No Printing
- Temperature Performance: -60~+280°C
- Usage: Sealing
- Compression Set: 10-50%
- Sample: Fee
- Highlight: **Silicone Foam Sponge UL94-V0,
Shock Absorption Silicone Foam Sponge,
Silicone Sponge Sealing UL94-V0**

Product Description

Product Description:

Our Silicone Sponge Foam is available as a free sample, allowing you to test its quality and suitability for your specific needs. Whether you need a Silicone Sponge Seal, Silicone Rubber Sponge Foam, or Silicone Foam Tube, this product is versatile enough to provide reliable performance in various applications.

Our Silicone Sponge Foam is compatible with both moulding and cutting processing services, making it easy to customize to your desired shape and size. This flexibility ensures a perfect fit for your sealing and insulation needs, no matter the complexity of your project.

With excellent weather resistance, our Silicone Sponge Foam is an ideal solution for outdoor applications. It can withstand extreme temperatures, UV rays, and other harsh weather conditions without cracking or degrading, ensuring long-lasting performance.

Our Silicone Sponge Foam is a reliable choice for sealing and insulation needs in various industries, including automotive, aerospace, construction, and more. Its high-quality material and excellent compression set ensure optimal sealing performance under pressure, making it a top choice for demanding applications.

Features:

Product Name: Silicone Sponge Foam

Temperature Performance: -60~+280°C

Design Printing: No Printing

Processing Service: Moulding, Cutting

Port: Shenzhen

Material: Silicone

Features:

Silicone Foam Sheet

Silicone Foam Tube

Silicone Foam Mat

Technical Parameters:

Compression Set	10-50%
Usage	Sealing
Weather Resistance	Excellent
Chemical Resistance	Excellent
Material	Silicone
Processing Service	Moulding, Cutting
Temperature Performance	-60~+280°C
Adhesive Type	Pressure Sensitive
Port	Shenzhen
Sample	Fee

Applications:

Customization:

Support and Services:

Our Silicone Sponge Foam product comes with top-notch technical support and services to ensure that you get the most out of your purchase. Our team of experts is available to answer any questions you may have about the product and provide guidance on its installation and use. We also offer maintenance and repair services to keep your Silicone Sponge Foam in excellent condition and extend its lifespan. If you encounter any issues with the product, our technical support team is available to provide prompt assistance and troubleshooting. We are committed to providing our customers with the highest level of support and service to ensure their satisfaction with our product.

Packing and Shipping:

Product Packaging:

The silicone sponge foam product will be packaged in a sturdy cardboard box to ensure protection against damage during shipping. The box will be labeled with the product name, quantity, and any other necessary information. The product will also be sealed in a plastic bag to prevent any moisture from entering.

Shipping:

The product will be shipped via standard ground shipping.

Customers can expect their product to arrive within 5-7 business days from the date of purchase.

Shipping charges will be calculated at checkout based on the customer's location and the weight of the product.

Customers will receive a tracking number once their order has been shipped.

FAQ:
