

Blue Waterproof Self Fusing Silicone Tape 25MM Width For Diving Equipment

Our Product Introduction

more products please visit us on siliconerubber-product.com

Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 1000 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Tear Resistant: Yes
- Insulating: Yes
- Hs Code: 40082100
- Feature: Heat-Resistant
- Material: Silicone
- Classification: Inorganic Insulation Material
- Color: Blue
- Highlight: **Self Fusing Silicone Tape 25MM ,
Waterproof Self Fusing Silicone Tape ,
Blue Self Fusing Waterproof Tape**

Product Description

Product Description:

One of the standout features of this Self Fusing Silicone Tape is its pressure sensitivity. This means that it adheres to surfaces with minimal pressure, making it incredibly easy to use. Simply wrap the tape around the object you want to repair and apply a little pressure to activate the adhesive. The tape will then seal tightly around the object, creating a watertight and airtight seal.

The Self Sealing Silicone Tape has a width of 1 inch, making it ideal for a wide range of applications. Whether you need to repair a small leak or cover a larger area, this tape has got you covered. Its flexible design allows it to conform to any shape or surface, ensuring a snug and secure fit every time.

This Stretchable Silicone Repair Tape is also highly insulating, making it perfect for electrical repairs. Its high-quality silicone material is resistant to heat, cold, and UV rays, ensuring that it can withstand the toughest conditions. Whether you need to repair a damaged wire or seal an electrical connection, this tape will provide a reliable and long-lasting solution.

With an HS code of 40082100, this Self Fusing Silicone Tape is made to the highest standards of quality and safety. It has been rigorously tested to ensure that it meets all relevant international standards, making it a trusted choice for professionals and DIY enthusiasts alike.

In summary, the Self Sealing Silicone Tape is a versatile and reliable solution for all your repair needs. Its pressure sensitivity, width of 1 inch, flexibility, insulation, and high-quality materials make it the perfect choice for a wide range of applications. So why wait? Order your Waterproof Silicone Wrapping Tape today and experience the ultimate in repair performance!

Features:

Product Name: Self Fusing Silicone Tape

Insulating: Yes

Width: 1 Inch

Color: Blue

Hs Code: 40082100

Adhesive: Self-fusing Silicone Rubber

Keywords: Self Adhesive Silicone Tape, Self Amalgamating Silicone Tape, No-Residue Self Fusing Tape

Technical Parameters:

Product Attribute	Value
Product Name	Non-Tacky Silicone Tape
HS Code	40082100
Tear Resistant	Yes
Feature	Heat-Resistant
Classification	Inorganic Insulation Material
Adhesive	Silicone Rubber
Application	For Repair Work and Mark
No Adhesive Required	Yes
Width	1 Inch

Flexible	Yes
Waterproof	Yes
Easy To Use	Yes
Description	The No-Residue Self Fusing Tape is a tear-resistant and heat-resistant wrapping tape that is perfect for repair work. It is made of inorganic insulation material and has a rubber adhesive that does not require any additional adhesive. This flexible tape is 1 inch wide and is easy to use. It is also waterproof and leaves no residue when removed.

Applications:

This Self Amalgamating Silicone Tape is perfect for a wide range of applications, including electrical insulation, plumbing, automotive repairs, and more. The black color of the tape makes it ideal for use in areas where aesthetics are important, ensuring that the tape blends in seamlessly with the surrounding environment. Moreover, the tape is resistant to water, weather, and UV radiation, making it suitable for use both indoors and outdoors.

The Insulating Self Fusing Tape is an essential tool for any toolbox, providing a quick and efficient solution to common problems. It is particularly useful for emergency repairs, allowing you to quickly seal leaks and prevent further damage. The tape is also suitable for use in extreme temperatures, making it a reliable option for all types of weather conditions.

Whether you are a professional tradesperson or a DIY enthusiast, the Insulating Self Fusing Tape by zhonglei is the perfect addition to your toolkit. It is easy to use, convenient, and versatile, making it an essential item for any home or workplace. So why wait? Order your Self Adhesive Silicone Tape today and experience the benefits for yourself!
