Basic Information

- Place of Origin: China
- Brand Name: zhonglei

Product Specification

- Design Printing: No Printing
- Sample: Fee
- Chemical Resistance: Excellent
- Material: Silicone
- Weather Resistance: Excellent
- Compression Set: 10-50%
- Color: White
- Temperature Performance: -60~+280°C
- Highlight: **Flame Retardant Silicone Foam Sheet,
EV Silicone Foam Sheet,
Flame Retardant White Silicone Foam**

Product Description

Product Description:

This Silicone Sponge Foam is perfect for customers looking for a product that can be easily molded or cut to fit their specific needs. Our product is available in a variety of sizes and thicknesses, making it easy to customize to any project. One of the main advantages of our Silicone Sponge Foam is its flexibility and strong resilience. This allows the product to bend and contour to any surface, creating a tight seal that is both secure and long-lasting. Our Silicone Sponge Foam also boasts excellent weather resistance, making it ideal for outdoor use. It can withstand exposure to sunlight, rain, and extreme temperatures without degrading or losing its performance. Finally, our Silicone Sponge Foam has an elongation range of 100-600%, which means it can stretch and bend without breaking or losing its shape. This makes it an excellent product for applications that require flexibility and durability. Whether you need a Silicone Foam Gasket, Silicone Sponge Seal, or Silicone Rubber Sponge Foam, our Silicone Sponge Foam is the perfect product for you. With its temperature performance range, processing service, flexibility, weather resistance, and elongation, it is a versatile and reliable product that can be used in a variety of applications.

Features:

Product Name: Silicone Sponge Foam
Material: Silicone
Temperature Performance: -60~+280°C
Chemical Resistance: Excellent
Sample: Fee
Design Printing: No Printing
Features:
Can be used as a Silicone Foam Mat
Provides a tight Silicone Sponge Seal
Available in Silicone Foam Sheet form

Technical Parameters:

Chemical Resistance	Excellent
Adhesive Type	Pressure Sensitive
Material	Silicone
Color	White
Elongation	100-600%
Advantage	Flexible And Strong Resilience
Port	Shenzhen
Sample	Fee
Weather Resistance	Excellent
Compression Set	10-50%

The Silicone Foam Mat, Silicone Foam Gasket, and Silicone Foam Tube all have these technical parameters.

Applications:

The zhonglei Silicone Sponge Foam is known for its flexibility and strong resilience, making it perfect for use in a wide range of product application occasions and scenarios. This product is particularly well suited for use in Silicone Foam Insulation, where it can be used to provide an effective barrier against heat and cold. It is also great for use in Silicone Foam Rubber, where it can be used to provide a high level of cushioning and shock absorption.

In addition to its use in Silicone Foam Insulation and Silicone Foam Rubber, the zhonglei Silicone Sponge Foam is also ideal for use as a Silicone Foam Padding. This product provides a high level of comfort and support, making it perfect for use in a variety of applications, including sports equipment, medical devices, and furniture.

The zhonglei Silicone Sponge Foam is available for purchase from our Port in Shenzhen, making it easy for customers to access this high-quality product. So whether you are looking for a reliable sealing solution for your home, business, or industrial application, the zhonglei Silicone Sponge Foam is the perfect choice.
