Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 1000 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Hs Code: 40082100
- Width: 1 Inch
- Easy To Use: Yes
- Application: For Repair Work And Marks
- Insulating: Yes
- Tensile Strength: >7MPa
- Tear Strength: 6.3N/cm
- Operating Temperature: -60°C ~+200°C
- Highlight: **Blue Colour self fusing silicone tape,
Golf Club self fusing waterproof tape,
self fusing silicone tape 25MM**

Product Description

Product Description:

The Insulating Self Fusing Tape is an easy-to-use product that is perfect for repairing electrical wires, plumbing, hoses, and other household items. It is a versatile product that can be used for a variety of applications, such as sealing leaks, protecting joints, preventing corrosion, and more.

Our Self Fusing Silicone Tape is highly recommended for anyone who needs a reliable and durable repair solution. The product can be easily applied and does not require any special tools or skills. Simply wrap the tape around the affected area, and the silicone material will fuse together, creating a secure and long-lasting seal.

The Insulating Self Fusing Tape is also an excellent choice for outdoor activities, such as camping, hiking, and fishing. It can be used to repair tents, backpacks, fishing rods, and other gear. The product is weather-resistant and can withstand rain, snow, and harsh outdoor conditions.

This Self Bonding Silicone Tape is an essential item for any household, workshop, or toolbox. It is a high-quality product that meets international standards and is free from harmful chemicals. The product is compliant with HS Code 40082100 and is safe to use for all types of repair work.

Overall, our Self Fusing Silicone Tape is a must-have product for anyone who wants to save time and money on repairs. It is a reliable and cost-effective solution that can be used for a wide range of applications. So why wait? Get your hands on our Insulating Self Fusing Tape today and experience the difference!

Features:

Product Name: Self Fusing Silicone Tape

Insulating: Yes

Application: For Repair Work and Marks

Material: Silicone

Flexible: Yes

Feature: Heat-Resistant

Looking for a waterproof silicone wrapping tape? Try our Self Fusing Silicone Tape! This self adhesive silicone tape is perfect for repair work, as it is made of flexible silicone that can easily seal and insulate. Plus, it's heat-resistant, making it a great choice for high-temperature applications. Don't settle for just any self sealing silicone tape - choose Self Fusing Silicone Tape for all your repair needs.
