Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 1000 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Classification: Inorganic Insulation Material
- Application: For Repair Work
- Pressure Sensitive: Yes
- Feature: Heat-Resistant
- Easy To Use: Yes
- Flexible: Yes
- Water-proof: Yes
- Highlight: **self fusing silicone tape Anti slip,
Grey self fusing waterproof tape,
damping self fusing silicone tape**

Product Description

Product Description:

Our Waterproof Silicone Wrapping Tape is made from high-quality silicone material, making it heat-resistant and tear-resistant. This means that it can withstand extreme temperatures and is able to resist tearing even when subjected to high levels of stress. This makes it an excellent choice for use in harsh environments where other tapes may fail.

One of the best things about our Waterproof Silicone Wrapping Tape is that it does not require any adhesive to work effectively. This means that it will not damage surfaces or leave any residue behind, making it easy to use and remove when necessary. Simply wrap the tape around the object you wish to seal or bind, and press it firmly into place. The silicone material will create a strong, permanent bond that will last for years to come.

Our Waterproof Silicone Wrapping Tape is also highly waterproof, making it perfect for use in damp or wet environments. Whether you need to make repairs to a leaking pipe or seal a crack in your boat's hull, this tape will provide a reliable, watertight seal that will keep your belongings safe and dry.

With an HS code of 40082100, our Waterproof Silicone Wrapping Tape is manufactured to the highest standards, ensuring that it meets all relevant quality and safety requirements. It is also incredibly easy to use, requiring no special tools or expertise to apply.

Overall, if you are looking for a high-quality, versatile, and reliable sealing and binding solution, look no further than our Waterproof Silicone Wrapping Tape. With its heat-resistant, tear-resistant, and waterproof properties, this tape is the perfect choice for any job, big or small.

So why wait? Order your Heat Resistant Silicone Tape today and experience the benefits of our Waterproof Silicone Wrapping Tape for yourself!

Features:

Product Name: Self Fusing Silicone Tape

Classification: Inorganic Insulation Material

Material: Silicone

Feature: Heat-Resistant

Water-proof: Yes

Width: 1 Inch

This Self Fusing Silicone Tape is a versatile and reliable product that can be used for a variety of applications. Whether you need Self Bonding Silicone Tape, Self Adhesive Silicone Tape, or Insulating Self Fusing Tape, this product is the perfect solution. It is made from high-quality silicone, which makes it heat-resistant and durable. The pressure-sensitive adhesive makes it easy to apply and ensures a strong bond. With a width of 1 inch, it is suitable for a wide range of tasks.

Technical Parameters:

Tear Resistant	Yes
Easy To Use	Yes
Flexible	Yes
Material	Silicone
Application	For Repair Work
Pressure Sensitive	Yes
Color	Grey
Hs Code	40082100
No Adhesive Required	Yes
Adhesive	Rubber

Product Name: No-Residue Self Fusing Tape, Self Sealing Silicone Tape, Self Bonding Silicone Tape

Applications:

One of the primary applications of this Self Fusing Silicone Tape is for electrical repairs. It is commonly used to insulate and protect wires and cables from damage caused by exposure to heat, moisture, or other environmental factors. The tape is also heat resistant, making it perfect for use in high-temperature environments.

Another application of this Self Fusing Silicone Tape is for plumbing repairs. The tape can be used to seal leaks and cracks in pipes, hoses, and other plumbing fixtures. It is easy to use and can stretch and conform to various shapes and sizes, making it a versatile solution for many plumbing-related problems.

The Self Fusing Silicone Tape is also perfect for automotive repairs. It can be used to fix and seal various parts of a car, including hoses, pipes, and electrical wiring. Its stretchable and flexible properties make it an excellent choice for repairs that require a tight and secure fit. Aside from the applications mentioned above, the Self Fusing Silicone Tape can also be used for general repairs around the house or in DIY projects. It can be used to fix and seal various items such as tools, appliances, and outdoor equipment. It is easy to use and can be cut to the desired length, making it a convenient solution for many repair needs.

In conclusion, the Self Fusing Silicone Tape by zhonglei is a versatile and reliable product that can be used in various applications. Its pressure-sensitive adhesive made of rubber ensures a strong and long-lasting hold while its tear-resistant and stretchable properties

make it an excellent choice for many repair needs. Whether you need to fix electrical wires, plumbing fixtures, or automotive parts, this Self Amalgamating Silicone Tape is the perfect solution for your repair needs.

Support and Services:

Our Self Fusing Silicone Tape is a high-quality, versatile tape that is perfect for a wide range of applications. It is made from a specially formulated silicone rubber that is self-fusing, meaning it bonds to itself when wrapped around an object. This creates a strong, airtight seal that is resistant to water, heat, and chemicals.

The tape is easy to use and can be applied without any special tools or preparation. Simply stretch and wrap it around the object, and it will adhere to itself, forming a tight seal. It can be used to repair leaks, insulate wires, and protect surfaces from abrasion and corrosion. It is also ideal for emergency repairs, as it can be applied even in wet or dirty conditions.

If you have any questions or issues with our Self Fusing Silicone Tape, our technical support team is always here to help. We offer a range of services to ensure that our customers are satisfied with their purchase, including:

Expert advice on product selection and use

Technical support for any issues or questions

Product training and education

Customized solutions for unique applications

Warranty and repair services

Our goal is to provide our customers with the highest level of support and service, so that they can get the most out of our products. We stand behind our Self Fusing Silicone Tape and are confident that it will meet your needs and exceed your expectations.
