### Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 1000 rolls
- Supply Ability: 50000 Rolls per month

### Product Specification

- Tear Resistant: Yes
- Hs Code: 40082100
- Pressure Sensitive: Yes
- Width: 1 Inch
- Easy To Use: Yes
- Material: Silicone
- Insulating: Yes
- Water-proof: Yes
- Damping: Yes
- Highlight: **Anti Slip Self Fusing Silicone Tape ,  
Damping Self Fusing Silicone Tape ,  
Golf Club Handle Tape 25MM**

## Product Description

### Product Description:

With a width of 1 inch, this Self Bonding Silicone Tape is perfect for small and large repairs alike. Its high HS code of 40082100 means that it is made of top-quality materials to ensure that it lasts longer than other repair tapes.

The Self Fusing Silicone Tape is specifically designed for repair work. Its pressure-sensitive adhesive type ensures that it sticks to surfaces tightly, providing a strong and secure bond. It is perfect for repairing leaky pipes, broken wires, and damaged hoses.

One of the best things about this Tear Resistant Silicone Tape is that it can be stretched up to 300% of its original length, making it perfect for repairs that require flexibility. It is highly durable and can withstand extreme temperatures, both hot and cold, without losing its shape or adhesiveness.

Whether you are a DIY enthusiast or a professional repairman, our Self Adhesive Silicone Tape is a must-have in your toolkit. Its versatility, durability, and ease of use make it an ideal choice for all your repair needs. So, go ahead and order your Self Fusing Silicone Tape today and experience the convenience it provides.

### Features:

Product Name: Self Fusing Silicone Tape

Flexible: Yes

Tear Resistant: Yes

Easy To Use: Yes

Material: Silicone

Non-Tacky Silicone Tape

No-Residue Self Fusing Tape

Self Bonding Silicone Tape

### Technical Parameters:

Hs Code	40082100
Insulating	Yes
Width	1 Inch
Adhesive	Self-fusing Silicone Rubber
No Adhesive Required	Yes
Material	Silicone
Feature	Heat-Resistant
Classification	Inorganic Insulation Material
Adhesive Type	Silicone Rubber
Easy To Use	Yes

### Applications:

One of the best features of this tape is its flexibility, which makes it easy to wrap around objects of any shape or size. It can be used to repair leaks in pipes, hoses, and other equipment, keeping them functioning smoothly. The Zhonglei Self Fusing Silicone Tape is also easy to use, making it a great option for both professional mechanics and DIY enthusiasts.

The Zhonglei Self Fusing Silicone Tape is also an excellent insulator, making it ideal for use in electrical applications. It can be used to insulate wires, cables, and other electrical components, protecting them from the elements and reducing the risk of electrical fires.

Another great feature of this tape is its heat resistance. The Zhonglei Self Fusing Silicone Tape can withstand high temperatures, making it perfect for use in automotive and industrial settings. It is also waterproof, making it an excellent choice for use in marine applications where it can protect electrical equipment from water damage.

The Zhonglei Self Fusing Silicone Tape is a self-bonding silicone tape that doesn't require any external adhesive to stick to surfaces. It forms a strong, permanent bond with itself, providing a long-lasting solution for all your repair needs. Plus, it is made in China, ensuring that it is high quality and reliable.

In summary, the Zhonglei Self Fusing Silicone Tape is a must-have for anyone who needs a reliable, flexible, tear-resistant, and easy-to-use tape for their sealing, bonding, and insulating needs. Its heat resistance, waterproofing capabilities, and self-bonding properties make it an excellent choice for a variety of applications, including automotive, marine, electrical, and industrial settings.

### Customization:

Our zhonglei Self Fusing Silicone Tape is a versatile solution for all your sealing and binding needs. Made in China, this Non-Tacky Silicone Tape is designed with a rubber adhesive that allows it to bond to itself, creating a strong, permanent seal. The Self Bonding Silicone Tape is heat-resistant and insulating, making it perfect for use in a variety of applications. Plus, the Self Sealing Silicone Tape requires no additional adhesive, making it easy to use and apply.

With an HS code of 40082100, this Self Fusing Silicone Tape can be customized to fit your specific needs. Contact us to learn more about our product customization services.

### Support and Services:

The Self Fusing Silicone Tape product comes with technical support and services to ensure optimal performance and satisfaction. Our team of experts is available to assist with any inquiries or issues you may have regarding the product.

We offer:

Installation guidance and support

Troubleshooting assistance

Product training and education

Warranty and repair services

Our goal is to provide you with the highest level of support and service to ensure that you get the most out of your Self Fusing Silicone Tape product. Please do not hesitate to contact us for any assistance or questions you may have.
