

Sealing Silicone Sponge Rubber Sheet Flame Retardant Chemical Resistant

Our Product Introduction

more products please visit us on siliconerubber-product.com

Basic Information

- Place of Origin: China
- Brand Name: zhonglei

Product Specification

- Port: Shenzhen
- Uv Resistance: Good
- Temperature Performance: -60~+280°C
- Chemical Resistance: Excellent
- Sample: Fee
- Usage: Sealing
- Weather Resistance: Excellent
- Material: Silicone
- Highlight: Sealing Silicone Sponge Rubber Sheet,
Silicone Sponge Rubber Sheet Flame Retardant

Product Description

Product Description:

The Silicone Sponge Foam comes in a classic white color, making it an excellent choice for any application. It also boasts good UV resistance, which means that it can withstand prolonged exposure to sunlight without losing its quality. The Silicone Sponge Foam's flexible and strong resilience is unmatched, making it an ideal choice for sealing and gasket applications. Our product can withstand high pressure, making it an excellent solution for industrial applications that require a reliable sealing material. The Silicone Foam Insulation is perfect for use in thermal insulation applications. Its unique composition makes it a great choice for sealing and insulating doors and windows, making your home or office more energy-efficient. The Silicone Sponge Seal is also ideal for use in HVAC systems, providing an airtight seal that prevents air from escaping and improving the overall efficiency of the system. The Silicone Foam Gasket is a reliable solution for use in various industries, including automotive, aerospace, and electronics. Its excellent weather resistance and flexible composition make it an excellent choice for sealing and gasket applications, preventing leaks and ensuring that your equipment stays in top condition. Our Silicone Sponge Foam is produced in Shenzhen, ensuring that our customers get the best quality product at an affordable price. If you're looking for a reliable and flexible insulation solution, look no further than the Silicone Sponge Foam.

Features:

Product Name: Silicone Sponge Foam

Processing Service: Moulding, Cutting

Chemical Resistance: Excellent

Usage: Sealing

Sample: Fee

Design Printing: No Printing

Features:

Silicone Sponge Cushion

Silicone Foam Mat

Silicone Foam Tube

Technical Parameters:

Attribute	Value
Adhesive Type	Pressure Sensitive
Chemical Resistance	Excellent
Usage	Sealing
UV Resistance	Good
Weather Resistance	Excellent
Color	White
Material	Silicone
Sample	Fee
Elongation	100-600%
Port	Shenzhen

Applications:

One of the most popular products in the Zhonglei line of silicone foam rubber is the silicone foam mat. These mats are perfect for sealing applications where a cushioning effect is required. They are ideal for use in industries such as automotive, construction, and electronics. The silicone foam mat's strong resilience is perfect for sealing joints that are subject to movement and vibration.

Another popular product is the silicone foam tube. These tubes are highly flexible and can be used in various sealing applications, including electrical insulation and thermal insulation. The silicone foam tube's excellent temperature performance ensures that it remains stable even in extreme conditions.

Zhonglei silicone foam rubber products are weather-resistant, making them ideal for use in outdoor applications. They can withstand harsh weather conditions, including UV rays, rain, and extreme temperatures. This feature makes them perfect for sealing applications in outdoor enclosures.

Overall, Zhonglei silicone foam rubber products are an excellent option for various sealing applications. Their flexibility, strong resilience, and excellent temperature performance make them perfect for use in industries such as automotive, construction, and electronics. Whether you need a silicone foam mat or a silicone foam tube, Zhonglei has got you covered.

Customization:

Customize your silicone foam sheet, silicone foam rubber or silicone foam padding with zhonglei. Our products are made in China and shipped from the port of Shenzhen. Our silicone foam products have good UV resistance and can withstand temperatures from -60~+280°C. Our advantage lies in our flexible and strong resilience, with an elongation of 100-600%. Contact us to customize your silicone foam product to meet your specific needs.

Support and Services:

Our Silicone Sponge Foam product is designed to provide excellent thermal insulation, shock absorption, and sealing capabilities. We offer technical support to help our customers select the right material for their specific application and provide guidance on installation and usage. Our team of experts can also assist with any troubleshooting or product performance issues. Additionally, we offer custom fabrication services to meet specific design requirements and ensure optimal product performance.

Packing and Shipping:

Product Packaging:

The silicone sponge foam will be packed securely in a plastic pouch.

The pouch will be placed inside a cardboard box.

The box will be labeled with the product name and quantity.

Shipping:

The package will be shipped via standard ground shipping.

Shipping time will depend on the destination, but typically takes 3-5 business days.

Customers will receive a tracking number once the package has been shipped.

FAQ:

Here are some frequently asked questions about our zhonglei Silicone Sponge Foam:

Q: What is the zhonglei Silicone Sponge Foam made of?

A: The zhonglei Silicone Sponge Foam is made of high-quality silicone material.

Q: Where is the zhonglei Silicone Sponge Foam made?

A: The zhonglei Silicone Sponge Foam is made in China, the place of origin.

Q: What are the dimensions of the zhonglei Silicone Sponge Foam?

A: The dimensions of the zhonglei Silicone Sponge Foam are [insert dimensions here].

Q: What is the temperature range for the zhonglei Silicone Sponge Foam?

A: The zhonglei Silicone Sponge Foam can withstand temperatures ranging from -40°C to 230°C.

Q: Is the zhonglei Silicone Sponge Foam dishwasher safe?

A: Yes, the zhonglei Silicone Sponge Foam is dishwasher safe for easy cleaning.
