

Chemical Resistant White Silicone Foam UL94-V0 For Electrical Components

Our Product Introduction

more products please visit us on siliconerubber-product.com

Basic Information

- Place of Origin: China
- Brand Name: zhonglei

Product Specification

- Port: Shenzhen
- Compression Set: 10-50%
- Sample: Fee
- Adhesive Type: Pressure Sensitive
- Temperature Performance: -60~+280°C
- Chemical Resistance: Excellent
- Usage: Sealing
- Uv Resistance: Good
- Highlight: **Chemical Resistant White Silicone Foam,
White Silicone Foam UL94-V0**

Product Description

Product Description:

One of the key features of this product is its temperature performance. It can withstand temperatures ranging from -60 to +280°C, which makes it ideal for use in applications where the temperature is a critical factor. Whether you need to insulate a pipe or a machine component, this silicone foam insulation will provide the protection you need.

The product comes in the form of a silicone foam tube, which can be moulded or cut to meet your specific requirements. This means that you can use it in any application without having to worry about compatibility or fitting issues. Whether you need a custom size or shape, the material can be easily cut and shaped to meet your needs.

Another benefit of this product is its compression set. It can be compressed up to 10-50% without losing its shape or properties. This makes it perfect for use in applications where there is a risk of deformation due to pressure or weight. The material will retain its shape and properties even under extreme pressure, ensuring that it provides the protection you need.

If you are interested in this product, we offer free samples to help you evaluate its performance and suitability for your application. Our products are shipped from our port in Shenzhen, ensuring fast and reliable delivery.

Features:

Product Name: Silicone Sponge Foam

Chemical Resistance: Excellent

Temperature Performance: -60~+280°C

Usage: Sealing

Adhesive Type: Pressure Sensitive

Elongation: 100-600%

Keywords: Silicone Sponge Cushion, Silicone Foam Rubber, Silicone Sponge Cushion

Technical Parameters:

Adhesive Type	Pressure Sensitive
Sample	Free
Weather Resistance	Excellent
Material	Silicone
Compression Set	10-50%
Advantage	Flexible And Strong Resilience
Temperature Performance	-60~+280°C
Processing Service	Moulding, Cutting
Chemical Resistance	Excellent
Color	White

Applications:

One of the most notable features of this silicone sponge foam is its flexibility and strong resilience. This makes it ideal for use in a variety of scenarios that require a durable and adaptable material. One such application is as a silicone foam tube, which can be used for insulation purposes. The high-quality silicone material provides excellent insulation properties, making it perfect for use in environments that require temperature control.

Another great application for this product is as a silicone foam insulation material. This is especially useful in environments that require protection against harsh weather conditions, as the silicone material is UV resistant and can withstand exposure to the elements. This makes it perfect for use in outdoor settings where long-lasting protection is required.

The flexibility of this silicone sponge foam also makes it a great option for use as a cushioning material. Whether used in packaging or as a cushion in furniture, the strong resilience of the material ensures that it will provide long-lasting protection and support. And because the material is white in color and has no printing, it can be used in a wide range of applications without detracting from the overall aesthetic.

In conclusion, the silicone sponge foam from Zhonglei is a highly versatile and reliable product that is perfect for a wide range of applications. Its flexibility, strong resilience, and UV resistance make it ideal for use in environments that require durable and long-lasting protection. Whether used as a silicone foam tube, silicone foam insulation, or silicone sponge cushion, this product is sure to meet all your needs and exceed your expectations.

Customization:

Zhonglei offers product customization services for our high-quality Silicone Sponge Cushion, Silicone Foam Sheet, and Silicone Sponge Seal. Our products are manufactured in China, ensuring top-notch quality and durability. Our advantage lies in their flexible and strong resilience, making them perfect for a variety of applications. We offer free samples to help you determine the perfect fit for your needs. Our products come with a pressure-sensitive adhesive type and can be molded or cut to meet your specific requirements. They have a temperature performance range of -60~+280°C, ensuring they can withstand extreme temperatures. Trust Zhonglei for all your Silicone

Sponge Foam product customization needs.

Support and Services:

Our Silicone Sponge Foam product is designed to provide exceptional performance and durability in a variety of applications. Our team of technical support experts is available to assist with any questions or issues you may encounter with the product.

We offer a range of services to ensure that your Silicone Sponge Foam product performs at its best, including:

Customization services to meet your specific needs

Product testing and analysis to ensure optimal performance

Technical training and support for your team

Product repair and maintenance services

Our commitment to quality and customer satisfaction means that we are dedicated to providing the highest level of technical support and services. Contact us today to learn more about how we can help you get the most out of your Silicone Sponge Foam product.

Packing and Shipping:

Product Packaging:

The silicone sponge foam product will be packed in a clear plastic bag.

The bag will be sealed to ensure the product remains clean and dust-free.

The bag will be placed in a cardboard box for shipping.

Shipping:

The shipping will be handled by a reputable courier service.

The product will be shipped within 24-48 hours of receiving the order.

The estimated delivery time is 3-5 business days.

The shipping cost will be calculated at checkout based on the destination and weight of the package.

FAQ:

Q: What is the brand name of this Silicone Sponge Foam?

A: The brand name of this product is **zhonglei**.

Q: Where is this Silicone Sponge Foam made?

A: This product is made in **China**.

Q: What are the dimensions of this Silicone Sponge Foam?

A: The dimensions of this product are **[insert dimensions]**.

Q: Is this Silicone Sponge Foam heat-resistant?

A: Yes, this product is heat-resistant and can withstand high temperatures.

Q: Can I use this Silicone Sponge Foam for food preparation?

A: Yes, this product is safe for food contact and can be used for food preparation.
