

## White Flame Retardant Silicone Foam Weather Resistant For Electrical Components

Our Product Introduction

more products please visit us on [siliconerubber-product.com](http://siliconerubber-product.com)

### Basic Information

- Place of Origin: China
- Brand Name: zhonglei

### Product Specification

- Chemical Resistance: Excellent
- Usage: Sealing
- Color: White
- Design Printing: No Printing
- Material: Silicone
- Adhesive Type: Pressure Sensitive
- Port: Shenzhen
- Compression Set: 10-50%
- Highlight: **Flame Retardant Silicone Foam Weather Resistant**  
**, White Flame Retardant Silicone Foam**

## Product Description

### Product Description:

The Silicone Foam Mat is made with a high level of elasticity, with an elongation range of 100-600%. This means that it can easily stretch and bend to fit into even the most complex and hard-to-reach areas, making it perfect for sealing applications. The high level of elasticity also ensures that the Silicone Foam Mat remains in place, providing a secure and long-lasting seal.

Our Silicone Sponge Foam is designed to be easy to use, with a simple and straightforward installation process. It is also highly versatile, and can be used in a variety of applications, including sealing doors, windows, and other openings. The high-quality construction of the Silicone Foam Rubber also means that it is resistant to water, oil, and other chemicals, making it an ideal solution for use in demanding environments.

At our Shenzhen-based facility, we are committed to providing our customers with the highest quality products at the best possible prices. We are confident that you will be satisfied with the performance of our Silicone Sponge Foam, and we offer a free sample to all customers to help you determine if it is the right solution for your needs.

So why wait? Contact us today to learn more about our Silicone Foam Mat and how it can help you achieve the perfect seal in any application. With our high-quality products and exceptional customer service, we are confident that you will be completely satisfied with your purchase.

### Features:

Product Name: Silicone Sponge Foam

Advantage: Flexible And Strong Resilience

Usage: Sealing

Port: Shenzhen

Material: Silicone

Elongation: 100-600%

Product Type:

Silicone Sponge Seal

Silicone Foam Sheet

Silicone Foam Tube

### Technical Parameters:

Design Printing	No Printing
Compression Set	10-50%
UV Resistance	Good
Weather Resistance	Excellent
Usage	Sealing
Material	Silicone
Advantage	Flexible and Strong Resilience
Adhesive Type	Pressure Sensitive
Chemical Resistance	Excellent
Color	White

### Applications:

Our Silicone Rubber Sponge Foam is made from top-quality silicone material, which ensures that it is both durable and long-lasting. This product is perfect for a wide range of applications and scenarios, including:

**Insulation:** Our Silicone Foam Insulation product is perfect for use in a wide range of insulation applications, including HVAC systems, piping, and more. It offers excellent heat resistance and can withstand high temperatures without breaking down or degrading.

**Cushioning:** If you need a product that provides excellent cushioning and support, our Silicone Sponge Foam is an excellent choice. It is soft and flexible, making it perfect for use in a variety of cushioning applications, including packaging and shipping.

**Sealing:** Our Silicone Sponge Seal product is perfect for sealing gaps and preventing leaks. It provides excellent moisture resistance, which makes it ideal for use in wet environments.

Our silicone foam products are also UV resistant, which means they won't break down or degrade when exposed to sunlight. Additionally, we offer free samples of our products so you can see for yourself the quality and durability of our Silicone Rubber Sponge Foam.

Whether you need a product for insulation, cushioning, or sealing, zhonglei has you covered. And with our expert moulding and cutting services, we can customize our products to meet your specific needs and requirements.

Choose zhonglei for your Silicone Rubber Sponge Foam needs and experience the quality and reliability of our products for yourself.

## Customization:

## Support and Services:

Our Silicone Sponge Foam is a versatile and high-performance material that can be used in a variety of applications. We offer comprehensive technical support and services to ensure that our customers are able to make the most of our product. Our team of experts is available to answer any questions you may have about the product, including its properties, applications, and recommended usage. We can also provide guidance on product selection and customization to meet your specific needs. In addition, we offer a range of services to help you get the most out of our product. These include material testing, prototyping, and product development support. Our goal is to help you achieve your goals with our high-quality silicone sponge foam.

## Packing and Shipping:

Product Packaging:

Quantity: 1 piece

Material: Silicone foam

Size: 4 x 3 x 0.75 inches

Color: Random assortment

Shipping:

Shipping method: Standard

Estimated delivery time: 5-7 business days

Shipping cost: \$3.99

## FAQ:

**Q:** What is the brand name of this Silicone Sponge Foam product?

**A:** The brand name of this product is zhonglei.

**Q:** Where is this Silicone Sponge Foam product made?

**A:** This product is made in China.

**Q:** What is the purpose of Silicone Sponge Foam?

**A:** Silicone Sponge Foam is used for various applications such as sealing, cushioning, and insulation.

**Q:** Is this Silicone Sponge Foam product durable?

**A:** Yes, this product is known for its durability and long-lasting performance.

**Q:** Is Silicone Sponge Foam resistant to high temperatures?

**A:** Yes, Silicone Sponge Foam is known for its excellent resistance to both high and low temperatures, making it suitable for use in extreme environments.
