

Ultra Soft Gray Silicone Foam Pressure Sensitive Type For Insulation Systems

Our Product Introduction

more products please visit us on siliconerubber-product.com

Basic Information

- Place of Origin: China
- Brand Name: zhonglei

Product Specification

- Color: White
- Adhesive Type: Pressure Sensitive
- Usage: Sealing
- Processing Service: Moulding, Cutting
- Weather Resistance: Excellent
- Compression Set: 10-50%
- Design Printing: No Printing
- Uv Resistance: Good
- Highlight: **Ultra Soft Gray Silicone Foam,
Gray Silicone Foam Pressure Sensitive**

Product Description

Product Description:

The Silicone Sponge Seal is a great choice for sealing applications because it has excellent weather resistance. It can withstand extreme temperatures and is resistant to water, chemicals, and UV radiation. This makes it an ideal choice for outdoor applications where exposure to the elements is a concern.

The Silicone Foam Padding is also a great choice for use in sealing applications. It is made from high-quality silicone and has excellent weather resistance. The product can be used in extreme temperatures and is resistant to water, chemicals, and UV radiation. This makes it ideal for use in harsh environments where exposure to the elements is a concern.

The Silicone Sponge Seal and Silicone Foam Padding can be used for a variety of sealing applications. They can be used to seal doors, windows, and other openings in buildings. They are also great for use in automotive applications, such as sealing around windows and doors. In addition, they can be used in industrial applications, such as sealing pipes and ductwork.

The Silicone Sponge Foam can be processed in a variety of ways. It can be moulded to fit specific applications, or it can be cut to size. This makes it a versatile product that can be used in a variety of applications.

The Silicone Sponge Seal and Silicone Foam Padding are both excellent choices for use in sealing applications. They are made from high-quality silicone, which makes them durable and long-lasting. In addition, they have excellent weather resistance, which makes them ideal for use in harsh environments. Whether you need a product for sealing doors and windows or for industrial applications, the Silicone Sponge Foam is an excellent choice.

Overall, the Silicone Sponge Foam is a versatile product that can be used for a variety of applications. Its excellent weather resistance and durability make it an ideal choice for sealing applications. Whether you need a product for industrial or automotive use, the Silicone Sponge Seal and Silicone Foam Padding are both great choices.

Features:

Product Name: Silicone Sponge Foam

UV Resistance: Good

Chemical Resistance: Excellent

Color: White

Sample: Fee

Advantage: Flexible And Strong Resilience

The Silicone Sponge Foam is a versatile product that can be used for a variety of applications, including as a **Silicone Foam Tube**, **Silicone Foam Gasket**, and **Silicone Foam Insulation**. Its excellent chemical resistance and good UV resistance make it a durable and long-lasting choice. Additionally, its flexible and strong resilience provides added value and ease of use.

Technical Parameters:

Product Attribute	Value
Product Name	Silicone Rubber Sponge Foam
Other Names	Silicone Foam Padding, Silicone Sponge Cushion
Color	White
Advantage	Flexible And Strong Resilience
Material	Silicone
Weather Resistance	Excellent
Chemical Resistance	Excellent
Sample	Fee
Design Printing	No Printing
Processing Service	Moulding, Cutting
Usage	Sealing
Compression Set	10-50%

Applications:

One of the most common applications for Zhonglei Silicone Rubber Sponge Foam is as a sealing material. Because the foam is made from silicone, it is highly resistant to water, chemicals, and extreme temperatures. This makes it an excellent choice for sealing applications in harsh environments, such as industrial settings or outdoor applications.

In addition to sealing, the Zhonglei Silicone Foam Mat can also be used as a cushioning material. The foam is soft and flexible, making it ideal for use as a padding material in a variety of applications. For example, it can be used as a protective layer between two surfaces to prevent damage or as a shock-absorbing material to reduce impact.

The Zhonglei Silicone Foam Sheet is also highly versatile and can be used in a variety of scenarios. Its pressure-sensitive adhesive means that it can be easily applied to a wide range of surfaces, making it ideal for use in many different applications.

One of the key benefits of Zhonglei Silicone Rubber Sponge Foam is its UV resistance. This product is able to withstand exposure to

sunlight and other forms of UV radiation without deteriorating or losing its effectiveness. This makes it an ideal choice for outdoor applications where exposure to the elements is a concern. Whether you need a reliable sealing material, a cushioning material, or an adhesive foam for a variety of applications, zhonglei Silicone Rubber Sponge Foam is an excellent choice. With its high-quality materials, durability, and strength, this product is sure to provide reliable performance in a wide range of scenarios. Order your zhonglei Silicone Rubber Sponge Foam today from Shenzhen and experience its versatility and dependability for yourself!

Customization:

Support and Services:

The Silicone Sponge Foam product comes with technical support and services to help you maximize its benefits. Our team of experts is available to provide assistance with product selection, installation, and maintenance. We offer the following technical support and services:

Product training and education

Customized product solutions

On-site technical support

Expert consultation

Our technical support and services aim to ensure that you get the most out of your Silicone Sponge Foam product. Contact us today to learn more.

Packing and Shipping:

Product Packaging:

The silicone sponge foam will be packaged in a clear, plastic bag with a zip lock closure to ensure freshness and prevent contamination.

The bag will be labeled with the product name, quantity, and instructions for use.

The bag will be placed in a cardboard box for added protection during shipping.

Shipping:

The silicone sponge foam will be shipped within 2-3 business days of receiving the order.

The shipping method will be determined based on the customer's location and shipping preferences.

The customer will be provided with a tracking number to monitor the shipment's progress.

If the product is damaged during shipping, the customer can contact our customer service team for a replacement or refund.

FAQ:

Q: What is the brand of this Silicone Sponge Foam product?

A: The brand of this product is zhonglei.

Q: Where is this Silicone Sponge Foam product made?

A: This product is made in China.

Q: What are the dimensions of the Silicone Sponge Foam?

A: The dimensions of the Silicone Sponge Foam are [insert dimensions here].

Q: Is this Silicone Sponge Foam product durable?

A: Yes, this Silicone Sponge Foam product is durable and long-lasting.

Q: Can I use this Silicone Sponge Foam product for cleaning?

A: Yes, this Silicone Sponge Foam product can be used for cleaning and is effective in removing dirt and grime.
