

## Ultra Soft Silicone Sponge Foam Low Stress Relaxation Silicone Foam Sheet UV Resistant

Our Product Introduction

more products please visit us on [siliconerubber-product.com](http://siliconerubber-product.com)

### Basic Information

- Place of Origin: China
- Brand Name: zhonglei

### Product Specification

- Usage: Sealing
- Processing Service: Moulding, Cutting
- Adhesive Type: Pressure Sensitive
- Temperature Performance: -60~+280°C
- Sample: Fee
- Material: Silicone
- Chemical Resistance: Excellent
- Compression Set: 10-50%
- Highlight: **Ultra Soft Silicone Sponge Foam,  
Silicone Sponge Foam Sheet,  
Silicone Foam Sheet UV Resistant**

## Product Description

### Product Description:

Our Silicone Sponge Foam product is designed to meet your specific requirements. We offer a range of processing services including moulding and cutting, allowing us to create custom shapes and sizes that are perfect for your application.

One of the key advantages of our Silicone Sponge Foam product is its flexibility. It can be easily compressed and molded to fit the contours of your application, ensuring a tight and secure seal. This makes it an ideal choice for use in a wide range of industries, including automotive, construction, and manufacturing.

In addition to its flexibility, our Silicone Sponge Foam product also has excellent UV resistance. This means that it can withstand exposure to sunlight and other UV light sources without degrading or breaking down. This makes it an ideal choice for outdoor applications or any application where exposure to UV light is a concern.

We understand that choosing the right product for your application can be difficult, which is why we offer free samples of our Silicone Sponge Foam product. This allows you to test the product and ensure that it meets your specific requirements before making a purchase. Our Silicone Sponge Foam product is also available with a pressure-sensitive adhesive, making it easy to install and ensuring a secure bond. This adhesive type is ideal for applications where a strong and reliable bond is required, such as in automotive or construction applications.

If you're looking for a high-quality, versatile, and reliable gasket or padding solution, our Silicone Sponge Foam product is an excellent choice. Contact us today to learn more about our products and services, and to request your free sample.

### Features:

Product Name: Silicone Sponge Foam

Elongation: 100-600%

Advantage: Flexible And Strong Resilience

Temperature Performance: -60~+280°C

Adhesive Type: Pressure Sensitive

Usage: Sealing

Other related products are:

Silicone Foam Tube

Silicone Foam Padding

Silicone Sponge Cushion

### Technical Parameters:

Port:	Shenzhen
Temperature Performance:	-60~+280°C
Material:	Silicone
Adhesive Type:	Pressure Sensitive
Compression Set:	10-50%
Elongation:	100-600%
Chemical Resistance:	Excellent
Processing Service:	Moulding, Cutting
Sample:	Fee
UV Resistance:	Good

### Applications:

One of the most significant advantages of this product is its compression set performance, which ranges from 10-50%. This means that the product can withstand significant compression without losing its original shape or effectiveness. The Silicone Sponge Foam is ideal for use in applications where sealing is crucial, such as in the automotive, aerospace, and construction industries.

The Silicone Sponge Foam is highly versatile and can be used in a wide range of applications. For example, it can be used as a Silicone Foam Tube to insulate pipes and other equipment. The Silicone Rubber Sponge Foam is also ideal for use in electrical applications, where it can be used to insulate cables, wires, and connectors.

The Silicone Foam Insulation is also suitable for use in high-temperature environments, thanks to its impressive temperature performance range of -60~+280°C. This makes it an ideal choice for use in industrial applications where high temperatures are a concern.

The Silicone Sponge Foam is manufactured in Shenzhen, a major port in China. This means that customers can expect quick and efficient delivery of their orders. The Silicone Sponge Foam is easy to install and can be cut to any size or shape, making it a highly adaptable product that can be used in a wide range of applications.

In summary, the Silicone Sponge Foam from Zhonglei is a high-quality product that offers reliable and effective sealing solutions.

Whether you need a Silicone Foam Tube, Silicone Rubber Sponge Foam, or Silicone Foam Insulation, this product has got you covered.

## Customization:

## Support and Services:

The Silicone Sponge Foam product is a highly versatile and durable material that can be used in a wide variety of applications. Our team of technical support professionals is available to assist with any questions or concerns you may have regarding the product's performance or compatibility with your specific needs.

In addition, we offer a range of services to help ensure the successful integration of the Silicone Sponge Foam into your production processes. These services include:

Custom cutting to your specifications

Technical consultation and support

Product testing and validation

On-site installation and training

Product maintenance and repair

Our goal is to provide you with the highest level of support and service to help you achieve your production goals and ensure the best possible performance from our Silicone Sponge Foam product.

## Packing and Shipping:

Product Packaging:

The Silicone Sponge Foam product will be packaged in a clear plastic bag with a product label and instructions for use.

The clear plastic bag will be sealed to ensure the product stays clean and dry during shipping.

Shipping:

The Silicone Sponge Foam product will be shipped via standard shipping methods.

Please allow 3-5 business days for processing and an additional 5-7 business days for shipping.

Shipping will be calculated at checkout based on the destination and weight of the package.

Tracking information will be provided once the package has been shipped.

## FAQ:

**Q: What is the brand name of this silicone sponge foam product?**

A: The brand name of this product is zhonglei.

**Q: Where is this silicone sponge foam product manufactured?**

A: This product is manufactured in China.

**Q: What are the dimensions of this silicone sponge foam product?**

A: The dimensions of this product are [insert dimensions here].

**Q: Is this silicone sponge foam product safe for food contact?**

A: Yes, this product is safe for food contact and is FDA-approved.

**Q: How long does this silicone sponge foam product typically last?**

A: The lifespan of this product varies depending on usage, but it typically lasts for several months with proper care and maintenance.
