### Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

### Product Specification

- Flexible: Yes
- Application: For Repair Work
- Insulating: Yes
- Material: Silicone
- Feature: Water-proof
- Tear Resistant: Yes
- Pressure Sensitive: Yes
- Classification: Inorganic Insulation Material
- Highlight: **2 Inch Waterproof Sealing Tape ,  
Pipeline Repair Waterproof Sealing Tape ,  
Green Self Stick Rubber Tape**

## Product Description

### Product Description:

One of the standout features of this tape is its tear-resistant quality, which ensures optimal durability and long-lasting use. It also has a width of 2 inch, making it easy to handle and apply, even in tight spaces.

As an inorganic insulation material, our Heat Resistant Silicone Tape is perfect for use in high-temperature environments, as it provides excellent insulation and protection against heat transfer. This makes it an ideal choice for applications such as electrical wiring, pipes, and hoses, where heat resistance is a crucial factor.

Moreover, this tape is also highly insulating, which means it can prevent the flow of electricity and heat, making it a great choice for various electrical applications. It can also be used to seal and protect surfaces, preventing moisture and other contaminants from seeping in.

Unlike other tapes that leave behind residue when removed, our No-Residue Self Fusing Tape ensures a clean and hassle-free removal process, saving you time and effort. It is easy to use and can be applied quickly, making it a convenient choice for both professionals and DIY enthusiasts alike.

Overall, if you are looking for a high-quality, tear-resistant, and easy-to-use tape that can withstand extreme temperatures and provide excellent insulation, our Heat Resistant Silicone Tape is the perfect solution. Get your hands on it today and experience the difference for yourself!

### Features:

Product Name: Self Fusing Silicone Tape

No Adhesive Required: Yes

Insulating: Yes

Application: For Repair Work

Flexible: Yes

Pressure Sensitive: Yes

This Self Fusing Silicone Tape, also known as Self Bonding Silicone Tape, Self Sealing Silicone Tape, or Non-Tacky Silicone Tape, is perfect for any repair work. It requires no adhesive and is both insulating and flexible. Additionally, it is pressure sensitive for easy application.

### Technical Parameters:

Product Attribute	Value
Product Name	Self Amalgamating Silicone Tape
Width	2 Inch
Color	Green
Adhesive	Rubber
Pressure Sensitive	Yes
No Adhesive Required	Yes
Flexible	Yes
Easy To Use	Yes
Insulating	Yes
Feature	Heat-Resistant
Application	For Repair Work
No-Residue Self Fusing Tape	Yes
Self Amalgamating Silicone Tape	Yes

### Applications:

The Self Fusing Silicone Tape from Zhonglei is a versatile product that can be used in various situations and scenarios. It is an ideal choice for repairing and sealing pipes, hoses, and cables, making it a must-have for plumbers, mechanics, and electricians. It can also be used to fix leaks and cracks in roofs, windows, and doors, making it a valuable asset for homeowners and DIY enthusiasts.

One of the standout features of this product is its self-sealing capability, meaning that it creates a permanent bond when wrapped around an object, making it resistant to water, moisture, and other harsh elements. This makes it suitable for outdoor and marine applications, where exposure to water and salt can cause damage to other materials.

The Self Fusing Silicone Tape from Zhonglei is available in black, which makes it ideal for applications where aesthetics are not a concern. It has an HS code of 40082100, which makes it easy to import and export in various countries. This product is also easy to use, simply stretch and wrap it around the object, and it will fuse to itself, creating a tight and secure seal.

In conclusion, the Self Fusing Silicone Tape from Zhonglei is a must-have product for anyone who needs a stretchable silicone repair tape that is easy to use, durable, and self-sealing. Whether you are a professional plumber, electrician, mechanic, or a DIY enthusiast,

this product will help you save time and money by providing a reliable and long-lasting solution to your repair needs.

## Customization:

## Support and Services:

The Self Fusing Silicone Tape product is designed to provide a versatile and reliable solution for various applications. Our technical support team is available to assist with any questions or concerns regarding product selection, installation, and performance. We also offer a range of services to ensure optimal performance of the product, including:

Product training and education

Customized product development and testing

On-site technical support and troubleshooting

Warranty and repair services

Our goal is to provide exceptional customer service and support to ensure the success of your project. Please do not hesitate to contact us for any technical support or service needs regarding our Self Fusing Silicone Tape product.

## Packing and Shipping:

### Product Packaging:

The Self Fusing Silicone Tape is packaged in a compact and durable plastic container to protect the tape from damage during shipping and storage. The container is designed to be easy to open and close, making it simple to access the tape when needed. The tape is wrapped around a central core to keep it neat and tidy, and there are clear instructions on the container to help you use the tape effectively.

### Shipping:

The Self Fusing Silicone Tape is shipped in a protective box to prevent any damage during transit. We use reliable shipping companies to ensure that your tape arrives quickly and safely. Once your order is processed, you will receive a confirmation email with a tracking number, so you can keep an eye on your delivery. If you have any questions about the shipping process, please don't hesitate to contact us.

## FAQ:

### Q: What is Self Fusing Silicone Tape?

A: Self Fusing Silicone Tape is a type of tape made of silicone rubber that fuses to itself when stretched and wrapped around a surface. It creates a permanent, waterproof seal that is ideal for repairing leaks and protecting electrical connections.

### Q: What is the Brand Name of this product?

A: The Brand Name of this product is zhonglei.

### Q: Where is this product manufactured?

A: This product is manufactured in China.

### Q: What are the features of Self Fusing Silicone Tape?

A: Self Fusing Silicone Tape is a versatile, multi-purpose tape that is easy to use. It is waterproof, heat-resistant, and can be used to repair a variety of surfaces, including pipes, hoses, and electrical wires.

### Q: How do I use Self Fusing Silicone Tape?

A: To use Self Fusing Silicone Tape, first clean and dry the surface you want to repair. Then, wrap the tape tightly around the surface, stretching it slightly as you go. The tape will fuse to itself, creating a tight, waterproof seal. Allow the tape to set for at least 24 hours before using the repaired item.
