### Basic Information

- Place of Origin: China
- Brand Name: zhonglei

### Product Specification

- Shelf Life: 5 Year
- Length: 10 Feet
- Uv Resistant: Yes
- Maximum Operating Temperature (Fahrenheit): 356 °F
- Flexible: Yes
- Tensile Strength (Metric): 82 KPa
- Chemical-resistant: Yes
- Elongation At Break: 450%
- Highlight: Self Sticking Self Fusing Pipe Repair Tape ,  
Self Fusing Pipe Repair Tape 10 Feet ,  
Self Sticking Waterproof Duct Tape

## Product Description

### Product Description:

Our Self-fusing Plumbing Tape is chemical-resistant, making it perfect for use in harsh environments. The tape can withstand various chemicals and acids without corroding or degrading. This feature is essential in preventing leaks and ensuring that your pipes remain in good condition.

Another feature of our Self-amalgamating Pipe Fixing Tape is its ability to function in low-temperature environments. The tape can operate at temperatures as low as -60°C without freezing or cracking. This feature makes it perfect for use in cold regions where pipes are prone to freezing.

Our Self-bonding Pipe Repair Tape is non-adhesive, making it easy to apply and remove. The tape only bonds to itself, ensuring that it does not stick to your hands or other surfaces. This feature makes it easy to use, even for people with no plumbing experience.

Our Self-fusing Plumbing Tape is perfect for repairing leaks and cracks in your pipes. The tape bonds to itself, creating a watertight seal that prevents leaks and ensures that your pipes remain in good condition. The tape is also ideal for insulating pipes, preventing heat loss and reducing energy costs.

Overall, our Self-amalgamating Pipe Fixing Tape is an essential tool for any homeowner or plumber. Its durability, chemical resistance, and low-temperature operation make it perfect for use in any environment. Its ease of use and non-adhesive nature make it perfect for DIY projects and emergency repairs. Get your hands on our Self-bonding Pipe Repair Tape today and enjoy the peace of mind that comes with having a reliable plumbing tape at your disposal.

### Features:

Product Name: Self Fusing Pipe Repair Tape

Type: Self-fusing Duct Tape

Self-sticking: Yes

Elongation at Break: 450%

Flexible: Yes

Chemical-resistant: Yes

UV Resistant: Yes

Usage: Ideal for quick and easy repairs on pipes, hoses, and tubing

Features: Creates a permanent watertight seal, withstands high pressure and temperatures, prevents corrosion and abrasion

Alternative names: Self-fusing Duct Tape, Self-sealing Pipe Fix Tape

### Technical Parameters:

Waterproof:	Yes
Self Fusing:	Yes
Length:	10 Feet
Flexible:	Yes
Tensile Strength (Metric):	82 KPa
Maximum Operating Temperature (Fahrenheit):	356 °F
Shelf Life:	5 Year
Color:	Black
Maximum Operating Temperature(Celsius):	180°C
Minimum Operating Temperature (Celsius):	-60°C

This Self-fusing Duct Tape, Self-sealing Pipe Fix Tape, and Self-bonding Plumbing Repair Tape is perfect for any repair job that requires a strong, waterproof, and flexible seal. With a length of 10 feet and a tensile strength of 82 KPa, it can easily handle any task. It has a maximum operating temperature of 356 °F (180°C) and a minimum operating temperature of -60°C. Its shelf life is 5 years, and it comes in black.

### Applications:

One of the best things about this self-fusing duct tape is that it is incredibly easy to use. Simply wrap the tape around the damaged area of the pipe, and it will bond to itself, creating a tight seal that will prevent any further leaks. This makes it an excellent solution for emergency repairs, as it can be applied quickly and without any special tools or equipment.

This self-bonding plumbing repair tape is also incredibly flexible, which means that it can conform to the shape of the pipe, creating a tight seal that will last for years. Additionally, it has a high tensile strength of 82 KPa, which means that it can withstand pressure and tension without breaking or tearing.

This self-fusing pipe repair tape is also chemical-resistant, which means that it can withstand exposure to a wide range of chemicals and solvents without deteriorating or degrading. This makes it an excellent solution for use in industrial settings where pipes may be exposed to harsh chemicals or corrosive materials.

Finally, this self-bonding pipe repair tape has a minimum operating temperature of -60°C, which means that it can be used in even the coldest environments. Whether you need to fix a leaky pipe in your home or in an industrial facility, this self-fusing duct tape is the perfect solution.

Overall, the self-fusing pipe repair tape from Zhonglei is an essential product for anyone who needs to fix a leaky pipe quickly and efficiently. With its easy-to-use design, flexible material, high tensile strength, chemical-resistant properties, and ability to withstand extreme temperatures, this self-bonding plumbing repair tape is the perfect solution for any plumbing or industrial repair project.
