Product Description:

One of the most significant advantages of this product is its versatility. It can be used on a variety of materials, including rubber, plastic, copper, steel, and even wood. This Self-sealing Pipe Fix Tape is perfect for quick repairs, sealing, and joining applications. Another impressive feature of this Self-sealing Pipe Fix Tape is its UV resistance. This makes it ideal for outdoor applications where pipes and hoses are exposed to sunlight. It can withstand extreme temperatures and weather conditions, making it a reliable option for long-term repairs.

With a maximum operating temperature of 180°C, this Self-sealing Pipe Fix Tape is suitable for use in high-temperature applications. It can withstand high pressure and extreme heat, making it perfect for use in industrial settings, automotive repair, and marine applications. This Self-sealing Pipe Fix Tape is also self-sticking, which means it bonds instantly and does not require any additional adhesive. The tape creates a strong bond with the surface, ensuring a long-lasting repair. Its self-bonding properties make it suitable for use in emergency situations where immediate repairs are needed.

In terms of tensile strength, this Self-sealing Pipe Fix Tape boasts a rating of 82 KPa, making it strong enough to withstand most applications. It can be easily applied and removed, making it a convenient option for temporary repairs or as a permanent solution. Overall, the Self-sealing Pipe Fix Tape is a reliable and versatile solution for all your pipe repair needs. Its self-bonding and self-sealing properties, along with its UV resistance, make it an excellent choice for outdoor and high-temperature applications. Whether you need to fix a leaky pipe or join two hoses together, this Self-sealing Pipe Fix Tape is the perfect tool for the job.

Features:

Product Name: Self Fusing Pipe Repair Tape

Chemical Resistant: Yes

Elongation at Break: 450%

Tensile Strength (Metric): 82 KPa

Flexible: Yes

Easy To Use: Yes

This Self Fusing Pipe Repair Tape is a self-sealing pipe leak tape that is also known as a self-adhesive pipe repair tape or a self-bonding pipe repair tape. It is chemical resistant, has an elongation at break of 450%, a tensile strength of 82 KPa, is flexible and easy to use.

Technical Parameters:

| Product Name | Self-amalgamating Pipe Fixing Tape |
|---|------------------------------------|
| Material | Silicone |
| Length | 10 Feet |
| Color | Black |
| Chemical Resistant | Yes |
| Tensile Strength (Metric) | 82 KPa |
| Minimum Operating Temperature (Celsius) | -60°C |
| Maximum Operating Temperature (Celsius) | 180°C |
| Self-sticking | Yes |
| Shelf Life | 5 Year |

Applications:

One of the key features of this self-fusing pipe repair tape is its versatility. It can be used to fix a wide range of pipes, including PVC, copper, steel, and more. This makes it an ideal choice for plumbers and homeowners alike. Additionally, the tape is flexible, allowing for easy application and a secure seal. It can be wrapped around pipes of any shape or size, making it a convenient solution for a wide range of applications.

The zhonglei Self-fusing Pipe Repair Tape is also UV resistant and waterproof. This means that it can withstand even the harshest weather conditions, making it a reliable choice for outdoor pipes and fixtures. It is also resistant to chemicals, making it a great choice for industrial and commercial applications.

So, where can you use this self-fusing duct tape? There are a variety of occasions and scenarios where this product can come in handy. Here are just a few examples:

Fixing leaks in plumbing systems

Sealing cracks in pipes

Repairing damaged hoses

Protecting outdoor fixtures from the elements

Emergency repairs when traditional pipe repair solutions are not available

In conclusion, the zhonglei Self-fusing Pipe Repair Tape is a reliable and versatile solution for all your pipe repair needs. Its flexibility, UV resistance, and waterproof capabilities make it the ideal choice for a wide range of applications. Whether you're a professional plumber or a DIY homeowner, this self-fusing duct tape is a must-have in your toolbox.
