- Highlight: **Silicone Self Bonding Athletic Tape ,
Non Sticky Self Bonding Athletic Tape**

Product Description:

The Self Fusing Sports Silicone Tape is a stretchable athletic self-fusing tape that can be used to secure bandages, splints, and other medical equipment. It is also great for wrapping around joints and muscles to provide support and reduce pain. The tape is designed to bond to itself, creating a seamless and secure wrap that will not slip or come undone.

The Self Fusing Sports Silicone Tape is also temperature-resistant, withstanding temperatures up to 500°F. This makes it ideal for use in high-temperature environments, such as during hot summer days or when playing sports in warm conditions.

In summary, the Self Fusing Sports Silicone Tape is a reliable and durable adhesive tape that is perfect for athletes and anyone who needs a strong, waterproof, and temperature-resistant tape. Its stretchable athletic self-fusing tape design makes it easy to apply, while its width of 1 inch and thickness of 20 mil make it perfect for securing bandages and other medical equipment. Whether you're an athlete or just someone who needs a reliable tape, the Self Fusing Sports Silicone Tape is the perfect choice.

Features:

Product Name: Self Fusing Sports Silicone Tape

Adhesive: None

Thickness: 20 Mil

UV Resistant: Yes

Stretchability: 400%

Material: Silicone

This Rubberized Self-Adhesive Sports Tape, also known as Athletic Self-Fusing Silicone Bandage or Self-adhesive Sports Silicone Tape, is the perfect solution for athletes and sports enthusiasts. Its unique properties make it a durable and reliable choice for a variety of sports-related injuries and issues. With its non-adhesive design, it is easy to apply and remove without leaving any residue. Its 20 Mil thickness and 400% stretchability ensure a secure and comfortable fit, while its UV resistance makes it suitable for outdoor use. Made from high-quality silicone material, this tape is built to last and withstand even the toughest of workouts and activities.

Technical Parameters:

Attribute	Value
Product Name	Stretchable Athletic Self-Fusing Tape
Temperature Resistance	Up To 500°F
Non-Sticky	Yes
Waterproof	Yes
Length	10 Feet
Material	Silicone
Tear Resistant	Yes
Adhesive	None
Thickness	20 Mil
Stretchability	400%
Width	1 Inch

Applications:

Thanks to its waterproof feature, the zhonglei Self-Sealing Sport Tape is ideal for applications in wet environments like swimming, surfing, and other water sports. It can also be used in outdoor activities like hiking, camping, and mountaineering where exposure to rain, snow, and moisture is common.

This self-fusing sports silicone tape is an excellent choice for athletes who need a reliable and durable bandage to support their muscles and joints during training or competition. It can be used to wrap ankles, wrists, knees, and other areas of the body that are prone to injury or strain. Its self-fusing feature makes it easy to apply without the need for additional adhesives or tools.

The zhonglei Self-Sealing Sport Tape is also a great option for people who engage in weightlifting, CrossFit, or other high-intensity exercises that require extra support and protection. Its rubberized self-adhesive material provides a secure grip on the skin, preventing the tape from slipping or sliding during movement.

Whether you're a professional athlete or a fitness enthusiast, the zhonglei Self-Sealing Sport Tape is an essential item in your gym bag or sports kit. Its versatility, durability, and self-fusing feature make it a reliable and practical choice for all your sports and fitness needs.

As a product of China, the zhonglei Self-Sealing Sport Tape is made with the highest quality materials and manufacturing standards. It is a trusted and reputable brand in the sports and fitness industry, providing athletes and fitness enthusiasts with the best tools and equipment to help them achieve their goals.

Customization:

Support and Services:

Our Self Fusing Sports Silicone Tape is designed to provide a reliable and durable solution for all your sports and outdoor needs. The tape is made from high-quality silicone material that fuses to itself upon application, creating a strong and waterproof seal. It is capable of withstanding extreme temperatures, moisture, and UV exposure, making it ideal for use in tough outdoor conditions.

The Self Fusing Sports Silicone Tape can be used to repair and protect a wide range of sports equipment, including tennis rackets, hockey sticks, golf clubs, and more. It can also be used to secure and wrap cables, hoses, and pipes, providing a secure and tight seal that withstands the rigors of outdoor use.

Our technical support team is always available to assist with any questions or concerns you may have about the product. With our expert guidance, you can ensure that you are getting the most out of your Self Fusing Sports Silicone Tape and using it in the most effective way possible.

In addition to our technical support, we also offer a range of services to support your use of the product. Our services include on-site training, product demonstrations, and custom-tailored solutions to meet your specific needs. We are committed to providing the highest level of support to our customers, so you can be confident in your purchase of our Self Fusing Sports Silicone Tape.

Packing and Shipping:

Product Packaging:

The Self Fusing Sports Silicone Tape comes in a sturdy, clear plastic case with a snap closure. The tape is wrapped around a cardboard core to prevent it from sticking to itself. The case also includes an instruction manual to ensure proper use of the product.

Shipping:

Each order of the Self Fusing Sports Silicone Tape will be shipped in a padded envelope to ensure safe delivery. The product will be carefully packaged to prevent any damage during transit. Customers can expect to receive their order within 5-7 business days.

FAQ:

Q: What is Self Fusing Sports Silicone Tape?

A: Self Fusing Sports Silicone Tape is a type of tape made of silicone material that can be self-adhesive, which means it can stick to itself without any glue or adhesive. It is widely used in sports, plumbing, electrical, and other industries.

Q: What are the features of zhonglei Self Fusing Sports Silicone Tape?

A: Our Self Fusing Sports Silicone Tape is made of high-quality silicone material that is durable, waterproof, and heat-resistant. It can withstand temperatures ranging from -60°C to 260°C (-76°F to 500°F), making it suitable for use in extreme weather conditions. It is also easy to apply and remove without leaving any residue.

Q: Where is zhonglei Self Fusing Sports Silicone Tape made?

A: Our Self Fusing Sports Silicone Tape is manufactured in China, the place of origin of zhonglei brand.

Q: What are the applications of zhonglei Self Fusing Sports Silicone Tape?

A: Our Self Fusing Sports Silicone Tape can be used for a wide range of applications including sports equipment repair, plumbing, electrical insulation, automotive repair, and emergency hose repair. It can also be used as a grip enhancer for sports equipment such as tennis rackets and golf clubs.

Q: How long can zhonglei Self Fusing Sports Silicone Tape last?

A: The lifespan of our Self Fusing Sports Silicone Tape depends on the application and the conditions it is exposed to. However, it is a durable and long-lasting tape that can withstand extreme temperatures and harsh conditions. It can last for years if applied and stored properly.
