Product Description

Product Description:

This Adhesive Silicone Athletic Tape is 20 mil thick, making it one of the thickest and most durable tapes on the market. It provides excellent protection against abrasion, tears, and punctures, making it perfect for all your athletic needs. Whether you're looking to wrap your hockey stick, tennis racket, or any other athletic equipment, this tape will provide excellent protection and grip.

The Self Fusing Sports Silicone Tape is designed to withstand extreme temperatures, with a temperature resistance of up to 500°F. This makes it perfect for use in extreme weather conditions, or for applications that require high-temperature resistance. Whether you're playing in the hot sun or in freezing temperatures, this tape will maintain its strength and performance.

This Self-adhesive Sports Silicone Tape is 10 feet long, providing enough length to wrap multiple pieces of equipment. It's perfect for wrapping grips, handles, and other equipment where a non-slip surface is required. The tape is also UV resistant, providing excellent protection against the sun's harmful rays. It won't crack or fade over time, ensuring that your equipment looks great and performs well for years to come.

In conclusion, the Self Fusing Sports Silicone Tape is a high-quality, durable, and versatile tape that's perfect for all your athletic needs. Whether you're wrapping grips, handles, or other equipment, this tape provides excellent protection and grip. Its self-bonding design eliminates the need for adhesive, making it easy to use and apply. With a thickness of 20 mil, temperature resistance of up to 500°F, and UV resistance, this tape is the ultimate solution for all your athletic gear needs.

Features:

Product Name: Self Fusing Sports Silicone Tape

Tear Resistant: Yes

Material: Silicone

Temperature Resistance: Up To 500°F

UV Resistant: Yes

Length: 10 Feet

Get the best adhesive silicone athletic tape with our Self Fusing Sports Silicone Tape. This Fusion Sport Silicone Tape is tear-resistant and made of durable silicone material. It has a temperature resistance of up to 500°F and is also UV resistant. You can rely on our self-bonding athletic silicone tape for a range of activities, and it comes in a 10-foot length.

Applications:

The zhonglei Self Fusing Sports Silicone Tape is an excellent choice for athletes who need a reliable and durable athletic self-fusing silicone bandage. It can be used to wrap around joints, such as the wrist, ankle, or knee, to provide support and prevent injuries during intense workouts or sports activities. The tape's 400% stretchability allows it to conform to the body's shape, providing a secure and comfortable fit.

Outdoor adventurers can also benefit from the zhonglei Self Fusing Sports Silicone Tape. It is ideal for camping, hiking, and other outdoor activities where equipment and gear can get damaged. Use it to wrap around tent poles, hiking sticks, and other gear to provide an extra layer of protection and prevent wear and tear.

The zhonglei Self Fusing Sports Silicone Tape is also suitable for household and automotive purposes. Use it to seal leaky pipes or hoses, repair electrical wires, or wrap around tools and equipment to provide a better grip. Its self-fusing properties allow it to form a tight seal without leaving any residue.

The zhonglei Self Fusing Sports Silicone Tape comes in a convenient 10-foot length, making it easy to carry around and use whenever needed. Its durable and versatile properties make it a must-have for anyone who needs a reliable and long-lasting self-adhesive sports tape.

Customization:

Customize your Stretchable Athletic Self-Fusing Tape with our product customization services. Our zhonglei brand tape is made in China and is self-fusing with no adhesive. It is UV resistant and has a thickness of 20 mil for extra durability. The non-sticky design makes it easy to use and comfortable to wear.

Personalize your Athletic Self-Fusing Silicone Bandage with custom colors and lengths. Add your team logo or personal message to make it unique. Our product customization services ensure that you get the perfect tape for your needs.

Looking for a different style of athletic tape? Check out our Adhesive Silicone Athletic Tape for a more traditional option.

Support and Services:

Our Self Fusing Sports Silicone Tape is designed to be a versatile and durable solution for all your athletic and outdoor needs. With its self-fusing silicone properties, this tape can provide a strong and secure hold even in wet or extreme conditions. It is heat-resistant, waterproof, and can withstand various weather conditions.

The tape can be used to wrap and protect equipment, seal joints and connections, and even provide grip on handles and surfaces. Its non-adhesive properties also make it easy to remove and reuse without leaving any residue.

Our technical support team is available to answer any questions or concerns you may have regarding the use and application of our Self Fusing Sports Silicone Tape. We also offer a variety of services, including customized cutting and packaging options to meet your specific needs.

Packing and Shipping:

Product Packaging:

The Self Fusing Sports Silicone Tape is carefully packaged in a sturdy plastic resealable bag to ensure that the tape stays clean and dry during shipping and storage. The bag is clearly labeled with the product name, size, and usage instructions.

Shipping:

All orders of the Self Fusing Sports Silicone Tape are shipped within 24 hours of purchase. We use reliable shipping carriers to ensure that your order arrives safely and on time. Shipping options and rates are calculated based on your location at checkout.
