Flexible Waterproof Tape For Leaking Pipes**

Product Description

Product Description:

This Self Fusing Pipe Repair Tape is Chemical Resistant, meaning it can withstand exposure to a wide range of chemicals, making it ideal for use in chemical plants and other industrial settings. It has an Elongation at Break of 450%, which means it can stretch up to 450% of its original length before breaking. This makes it highly flexible and ideal for use in applications where there is movement or vibration.

The Self Fusing Pipe Repair Tape has a Shelf Life of 5 years, ensuring that it will last for a long time without deteriorating. It is also Self Fusing, which means that it creates a bond with itself when wrapped around a pipe. This creates a permanent seal that is resistant to water, heat, and pressure. The Self-bonding Pipe Repair Tape is easy to use and can be applied in minutes by anyone, regardless of their skill level.

Whether you are a professional plumber or a DIY enthusiast, the Self Fusing Pipe Repair Tape is the perfect solution for all your pipe fixing needs. Its Chemical Resistance, Elongation at Break, and Self Fusing properties make it an ideal choice for a wide range of applications. Its ease of use and long Shelf Life make it a cost-effective solution that can save you time and money in the long run.

Features:

Product Name: Self Fusing Pipe Repair Tape

Versatile: Yes

Elongation at Break: 450%

Easy To Use: Yes

Minimum Operating Temperature (Celsius): -60°C

Material: Silicone

Keywords: Self-fusing Plumbing Tape, Self-adhesive Pipe Repair Tape, Self-fusing Plumbing Tape

Technical Parameters:

Product Attribute	Value
Product Name	Self-fusing Duct Tape
Shelf Life	5 Year
Material	Silicone
Self Fusing	Yes
Non-Adhesive	Yes
Self-sticking	Yes
Product Color	Gray, Sky Blue
Waterproof	Yes
Elongation at Break	450%
Maximum Operating Temperature(Celsius)	180°C
Chemical Resistant	Yes

Applications:

As a self-sealing pipe leak tape, it is perfect for repairing leaks in pipes of all materials, including plastic, metal, and rubber. The self-adhesive pipe repair tape can be easily applied to the affected area, creating a strong and long-lasting seal that is resistant to water, oil, and chemicals.

The self-amalgamating pipe repair tape is also highly flexible, making it ideal for use in tight spaces and around corners. It can be easily wrapped around pipes of any shape or size, and will conform to the contours of the surface, ensuring a tight and secure seal.

With a maximum operating temperature of 180°C (356 °F), the Self Fusing Pipe Repair Tape from zhonglei is suitable for use in a wide range of applications. It can be used to repair pipes in a variety of industries, including plumbing, automotive, marine, and industrial settings.

Some common applications for this product include:

Repairing leaks in water pipes and gas pipes

Fixing broken hoses and fittings

Sealing electrical wires and cables

Temporary repairs to hydraulic lines and air conditioning systems

Overall, the Self Fusing Pipe Repair Tape from zhonglei is a reliable and effective solution for fixing leaks and repairing pipes. Its self-sticking, flexible, and versatile design makes it a must-have for any DIY enthusiast, plumber, mechanic, or industrial worker.

Customization:

Customize your self-bonding plumbing repair tape from Zhonglei, made in China. This self-fusing plumbing tape has an elongation at break of 450% and is both waterproof and chemical resistant, making it perfect for fixing leaks and breaks in pipes. Choose from our two product colors, gray or sky blue, and rest assured that this durable self-sealing pipe fix tape will provide a long-lasting solution to your plumbing problems.

Support and Services:

The Self Fusing Pipe Repair Tape is designed to quickly and easily repair leaks or cracks in pipes. The tape is made of a special silicone material that fuses to itself upon contact, creating a strong and permanent bond. It can withstand high temperatures and pressures, making it suitable for use in a variety of applications.

Our technical support team is available to answer any questions you may have about the product, including how to properly apply the tape and what types of pipes it can be used on. We also offer a range of services, including installation assistance and on-site training, to help ensure that you get the most out of your Self Fusing Pipe Repair Tape.

Whether you are a professional plumber or a DIY enthusiast, our product and technical support team are here to help you get the job done quickly and efficiently.

Shipping method: Standard

Estimated delivery time: 5-7 business days

Shipping cost: \$4.99

Shipping restrictions: Only available for delivery within the United States

FAQ:

Here are some frequently asked questions and answers about the Zhonglei Self Fusing Pipe Repair Tape:

Q: What is the Zhonglei Self Fusing Pipe Repair Tape?

A: The Zhonglei Self Fusing Pipe Repair Tape is a high-quality tape that can be used to quickly and easily repair leaks, cracks, and other damage to pipes. It is made from a special type of silicone that fuses to itself when wrapped around a pipe, creating a watertight seal.

Q: Where is the Zhonglei Self Fusing Pipe Repair Tape made?

A: The Zhonglei Self Fusing Pipe Repair Tape is made in China.

Q: What types of pipes can the Zhonglei Self Fusing Pipe Repair Tape be used on?

A: The Zhonglei Self Fusing Pipe Repair Tape can be used on a wide variety of pipes, including PVC, copper, steel, and more.

Q: Is the Zhonglei Self Fusing Pipe Repair Tape easy to use?

A: Yes, the Zhonglei Self Fusing Pipe Repair Tape is very easy to use. Simply clean the area around the damaged pipe, wrap the tape around the pipe, and press it firmly in place. The tape will fuse to itself and create a strong, permanent seal.

Q: Is the Zhonglei Self Fusing Pipe Repair Tape durable?

A: Yes, the Zhonglei Self Fusing Pipe Repair Tape is extremely durable. It is resistant to water, heat, and UV rays, and can withstand high pressure and heavy use.
