Product Description

Product Description:

The Self-sealing Pipe Leak Tape boasts a Tensile Strength (Metric) of 82 KPa, making it a sturdy choice for repairs. It can withstand high water pressure and can handle heavy-duty applications. This product is perfect for emergency repairs and can be used in a variety of different settings, including residential, commercial, and industrial environments.

With a Maximum Operating Temperature of 180°C, this Self-sealing Pipe Leak Tape can withstand high temperatures and can be used in hot water systems. It is also resistant to chemicals, making it a versatile choice for a variety of different applications.

Our Self-sealing Pipe Leak Tape comes in a sleek black color, adding a professional touch to your repairs. This Non-Adhesive tape is easy to use and can be applied quickly to any surface. It creates a strong, permanent bond that is resistant to water, heat, and pressure. In conclusion, if you are looking for a quick and easy solution to your plumbing problems, look no further than our Self-sealing Pipe Leak Tape. With its high Tensile Strength, Maximum Operating Temperature, and Non-Adhesive design, this product is the perfect choice for emergency repairs and long-term solutions. Try it out today and experience the benefits of a self-sealing, self-fusing plumbing tape!

Features:

Product Name: Self Fusing Pipe Repair Tape

Self-sticking: Yes

Tensile Strength (Metric): 82 KPa

Product Color: Gray, Sky Blue

Shelf Life: 5 Year

Length: 10 Feet

Also known as Self-bonding Plumbing Repair Tape, Self-fusing Plumbing Tape, and Self-amalgamating Pipe Fixing Tape.

Technical Parameters:

Attribute	Value
Product Name	Self-bonding Plumbing Repair Tape, Self-adhesive Pipe Repair Tape, Self-mending Pipe Bandage
UV Resistant	Yes
Self-sticking	Yes
Color	Black
Flexible	Yes
Waterproof	Yes
Material	Silicone
Chemical-resistant	Yes
Durable	Yes
Tensile Strength (Metric)	82 KPa
Product Color	Gray, Sky Blue

Applications:

One of the main uses of this product is in fixing pipes. The Self-amalgamating Pipe Fixing Tape can easily and effectively repair leaks, cracks, and damages in pipes. It can handle high-pressure water and gas pipes, making it a reliable solution for households and industrial settings. This self-bonding pipe repair tape can be used on different types of pipes, including PVC, copper, steel, and more.

The Self-Fusing Pipe Repair Tape is also ideal for emergency situations. It can be used to fix leaks in hoses, plumbing systems, and even car engines. It creates a strong and flexible bond that can withstand extreme temperatures and pressure. This product is a must-have in your toolbox as it can save you from costly repairs and replacements.

The versatility of this product extends beyond pipe repair. It can also be used to fix electrical wiring, seal connections, and even waterproof surfaces. The Self-Fusing Pipe Repair Tape is perfect for outdoor and marine applications as it is resistant to chemicals, salt, and UV rays.

Moreover, this product is easy to use. Simply stretch the tape and wrap it around the damaged area. The tape will fuse together, creating a permanent bond. It is also flexible, allowing you to wrap it around corners and tight spaces.

In terms of performance, the Self-Fusing Pipe Repair Tape has an elongation at break of 450%, making it highly flexible and resistant to tearing. It is also chemical-resistant, ensuring that the bond remains strong even when exposed to harsh chemicals.

Overall, the Self-Fusing Pipe Repair Tape from Zhonglei is a reliable and versatile product that can be used in various occasions and scenarios. Whether it's for household repairs, emergency situations, or industrial settings, this self-fusing duct tape is a must-have in any toolbox.

FAQ:

Q: What is Self Fusing Pipe Repair Tape?

A: Self Fusing Pipe Repair Tape is a type of tape made from silicone rubber that is designed to repair leaks and cracks in pipes without the need for additional tools or equipment.

Q: What is the brand name of this product?

A: The brand name of this product is zhonglei.

Q: Where is this product made?

A: This product is made in China.

Q: What types of pipes can this tape be used on?

A: This tape can be used on a variety of pipes, including PVC, copper, steel, and other materials.

Q: How long will the repair last?

A: The length of time the repair will last depends on the severity of the damage and the conditions the pipe is exposed to. However, this tape is designed to provide a long-lasting and durable repair solution.
