Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Hs Code: 40082100
- Application: For Repair Work And Insulation Enhancing
- Width: 5CM
- Pressure Sensitive: Yes
- Adhesive: Rubber
- Flexible: Yes
- No Adhesive Required: Yes
- Feature: Water-proof
- Highlight: Self Fusing Silicone Tape Flame Retardant,
Tear Resistant Self Fusing Silicone Tape ,
5cm Flame Retardant Silicone Tape

Product Description

Product Description:

Easy to use, the Self Fusing Silicone Tape is perfect for quick fixes and emergency repairs. Thanks to its self-adhesive properties, it sticks to itself with ease, making it an ideal choice for sealing leaks, wrapping hoses, and bundling wires. The Self Fusing Silicone Tape is also pressure sensitive, which means that it gets stronger as the pressure increases. This makes it an excellent choice for heavy-duty applications where a strong and secure hold is required. One of the key features of this tape is its heat-resistant properties. Designed to withstand temperatures of up to 500°F, the Self Fusing Silicone Tape is perfect for use in high-temperature environments, such as automotive engines and industrial machinery. Whether you need to seal a leaky pipe or wrap a wire bundle, the Self Fusing Silicone Tape is the perfect choice. With its easy-to-use design, pressure-sensitive hold, and heat-resistant properties, this tape is the ultimate solution to all your sealing and binding needs. So why wait? Order your Self Fusing Silicone Tape today and experience the convenience and reliability of this self-sealing silicone tape.

Features:

Product Name: Self Fusing Silicone Tape
Tear Resistant: Yes
Classification: Inorganic Insulation Material
Hs Code: 40082100
Application: For Repair Work
Insulating: Yes
Stretchable Silicone Repair Tape
Self Adhesive Silicone Tape
Non-Tacky Silicone Tape

Technical Parameters:

Hs Code	40082100
Color	Green
Width	5cm
Easy To Use	Yes
Feature	Water-proof
No Adhesive Required	Yes
Insulating	Yes
Application	For Repair Work and Busbar Insulation
Flexible	Yes
Pressure Sensitive	Yes

Applications:

Thanks to its inorganic insulation material classification and uv-resistant feature, this Self Sealing Silicone Tape is perfect for use in electrical applications. It provides an excellent insulating barrier that protects from electrical malfunctions and short circuits, making it ideal for use in electrical repairs and installations.

The Self Sealing Silicone Tape is also tear-resistant, which ensures that it won't easily wear or tear, even when used in harsh conditions. This makes it an ideal choice for use in outdoor environments, such as when repairing hoses, pipes, or other outdoor equipment.

One of the biggest advantages of the Self Fusing Silicone Tape is its ability to self-seal. This means that once it is wrapped around an object, it fuses together to create an airtight and watertight seal that won't let go. This makes it the perfect solution for use in plumbing and pipe repairs, where a tight and secure seal is critical.

Overall, the Self Fusing Silicone Tape is an essential tool for any DIY enthusiast or repair professional. Its versatility, durability, and reliability make it an ideal choice for a wide range of applications. Whether you need to repair a leaking pipe, fix an electrical malfunction, or secure outdoor equipment, this No-Residue Self Fusing Tape from Zhonglei is the perfect solution.

Customization:

Customize your Stretchable Silicone Repair Tape with our product customization services. Our tape, also known as Self Amalgamating Silicone Tape, is a versatile and durable solution for a variety of repair needs. Made by the trusted brand zhonglei and originating from China, this tape is both flexible and heat-resistant, making it a reliable choice for insulating and protecting your equipment.

Choose from our selection of colors, including black, to match your needs and preferences. Our tape is also HS Code 40082100 compliant, ensuring that it meets the highest quality standards.

Trust us to provide you with the best Self Fusing Silicone Tape customized to your needs. Get in touch with us today!

Support and Services:

Our Self Fusing Silicone Tape product comes with excellent technical support and services to ensure that our customers have a seamless experience with our product. Our technical support team is available to provide assistance with any questions or concerns regarding the installation, usage, or maintenance of the product. Additionally, we offer a variety of services to help our customers get the most out of their purchase, including product demonstrations, training sessions, and customized solutions to meet specific needs. We are committed to providing high-quality products and exceptional customer service, and our technical support and services are an integral part of that commitment.

Packing and Shipping:

Product Packaging:

The Self Fusing Silicone Tape comes in a durable plastic case to protect it from damage during shipping and storage. The case has a clear window for easy identification of the product. The tape is neatly wound on a spool inside the case for easy dispensing and storage. The packaging also includes an instruction manual on how to use the tape.

Shipping:

The Self Fusing Silicone Tape is shipped in a sturdy cardboard box to ensure that the product arrives in excellent condition. The box is labeled with the product name, quantity, and other important information. The tape is wrapped in bubble wrap for added protection during transit. We use reputable shipping carriers to ensure that the product is delivered to you in a timely and safe manner.
