Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Classification: Inorganic Insulation Material
- Easy To Use: Yes
- Pressure Sensitive: Yes
- Width: 5CM
- Hs Code: 40082100
- Feature: Uv-Resistant
- Tear Resistant: Yes
- Application: For Repair Work
- Highlight: **Self Fusing Silicone Tape UV Resistant,
Self Fusing Silicone Tape Tear Resistant ,
5cm Self Fusing Repair Tape**

Product Description

Product Description:

With its innovative design, this insulating self-fusing tape is easy to use and provides a strong bond that is perfect for sealing and repairing a wide range of surfaces. Whether you are working with electrical wiring, plumbing fixtures, or other types of equipment, this self-adhesive silicone tape is the perfect solution for all your repair needs.

One of the key features of this self-fusing silicone tape is its heat-resistant properties. This means that it is able to withstand high temperatures without melting or breaking down, making it an ideal choice for use in hot and humid environments. Whether you are working in a hot attic or a humid basement, this self-adhesive silicone tape will provide the long-lasting protection that you need. In addition to its heat-resistant properties, this self-fusing silicone tape is also tear-resistant, which means that it can withstand high levels of stress and pressure without breaking down. This makes it an ideal choice for use in high-stress environments, such as factories, manufacturing plants, and other industrial settings.

Another great feature of this self-fusing silicone tape is its ease of use. With its self-adhesive properties, this tape is extremely easy to apply and requires no special tools or equipment. Simply peel off the backing and apply the tape to the surface that needs to be repaired. The tape will stick to itself, creating a tight and secure seal that will provide long-lasting protection.

The self-adhesive silicone tape is made from high-quality silicone material that is both durable and long-lasting. This means that it will provide reliable protection for years to come, making it a cost-effective solution for all your repair needs.

In conclusion, if you are looking for a high-quality self-fusing silicone tape that is heat-resistant, tear-resistant, easy to use, and made from premium quality materials, then this self-adhesive silicone tape is the perfect choice for you. So why wait? Order yours today and start enjoying the long-lasting protection and reliability that this product provides!

Features:

Product Name: Self Fusing Silicone Tape

Width: 5cm

Pressure Sensitive: Yes

Tear Resistant: Yes

Material: Silicone

Insulating: Yes

Features:

No-Residue Self Fusing Tape

Heat Resistant Silicone Tape

Self Bonding Silicone Tape

Technical Parameters:

Easy To Use	Yes
Flexible	Yes
Width	5cm
Color	Red
Classification	Inorganic Insulation Material
Adhesive	Rubber
Application	For Repair Work
No Adhesive Required	Yes
Feature	Heat-Resistant
Tear Resistant	Yes

Applications:

This Waterproof Silicone Wrapping Tape is designed to provide a tight, secure seal that is resistant to moisture, chemicals, and extreme temperatures. It is a highly effective solution for sealing and insulating pipes, hoses, and cables, and can also be used for emergency repairs on refrigeration units, air conditioning systems, and more. The Self Sealing Silicone Tape is easy to use, and requires no special tools or equipment for application.

One of the most notable features of this product is its tear-resistant design. This means that it can withstand the rigors of regular use, without tearing or breaking down over time. Additionally, its flexible design makes it easy to wrap around corners, curves, and other irregular surfaces, ensuring a secure and long-lasting seal every time.

Whether you are a professional repair technician, a DIY enthusiast, or simply someone who needs a reliable, versatile sealing solution, the zhonglei Self Fusing Silicone Tape is an excellent choice. With its heat-resistant, tear-resistant, and easy-to-use design, it is the perfect tool for a wide range of applications and scenarios.

So if you are looking for a high-quality, flexible, and easy-to-use sealing solution for your next repair or insulation project, be sure to check out the zhonglei Self Fusing Silicone Tape today!

Customization:

Product Customization Services:

Brand Name: zhonglei

Place of Origin: China

Application: For Repair Work

This Waterproof Silicone Wrapping Tape is a Self Adhesive Silicone Tape that is Tear Resistant and Insulating. This Insulating Self Fusing Tape is also Heat-Resistant and Easy To Use, making it perfect for Repair Work.

Support and Services:

The Self Fusing Silicone Tape product offers technical support and services to ensure the optimal performance of the product. Our team of experts is available to provide assistance with any technical issues or questions that may arise during the installation or use of the product. We also offer services such as product training and customized solutions to meet your specific needs. Our goal is to provide our customers with the highest level of support and service to ensure their satisfaction with the Self Fusing Silicone Tape product.

Packing and Shipping:

Product Packaging:

The self fusing silicone tape comes in a durable and compact plastic case that protects the tape from damage during shipping and storage. The case measures 3 inches in diameter and 1 inch in height, making it easy to store in a toolbox or drawer. The case also features a snap closure to keep the tape securely in place.

Shipping:

The self fusing silicone tape is shipped in a sturdy cardboard box to ensure it arrives in excellent condition. The box is labeled with the product name, quantity, and any other relevant information. The tape is wrapped in bubble wrap or other protective materials to prevent any damage during transit. We offer various shipping options depending on the customer's preference and location.
