Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Tear Resistant: Yes
- Adhesive: Rubber
- Application: For Repair Work
- Insulating: Yes
- Material: Silicone
- Easy To Use: Yes
- Color: Yellow
- Flexible: Yes
- Highlight: **Flame Retardant Self Fusing Silicone Tape,
Yellow Self Fusing Silicone Tape**

Product Description

Product Description:

Whether you need to insulate wires, seal pipes, or repair damaged hoses, this Inorganic Insulation Material is designed to provide a strong and reliable bond that lasts. Its rubber adhesive ensures that it adheres securely to any surface, and it can withstand extreme temperatures and harsh weather conditions.

This Self Fusing Silicone Tape is easy to apply and requires no special tools or expertise. Simply wrap it around the surface you need to seal, and it will fuse to itself, creating a tight, waterproof seal that won't come undone. It's ideal for emergency repairs, as it can be used to fix leaks and cracks in almost any situation.

One of the key benefits of this No-Residue Self Fusing Tape is that it leaves no residue when removed, making it a great choice for temporary repairs or when you need to reposition it. It's also easy to cut to size, so you can customize it to fit your specific needs.

Overall, the Self Fusing Silicone Tape is a versatile and reliable product that is suitable for a wide range of applications. Its flexible, tear-resistant, and adhesive properties make it an excellent choice for anyone who needs a strong and durable seal that won't let them down.

Features:

Product Name: Self Fusing Silicone Tape

Easy To Use: Yes

Tear Resistant: Yes

No Adhesive Required: Yes

Material: Silicone

Application: For Repair Work

Other Features:

Non-Tacky Silicone Tape

Self Amalgamating Silicone Tape

Waterproof Silicone Wrapping Tape

Technical Parameters:

Feature:	Heat-Resistant Silicone Tape
Tear Resistant:	Yes
Adhesive:	Rubber
Classification:	Inorganic Insulation Material
No Adhesive Required:	Yes (Self Fusing)
Application:	For Repair Work
Insulating:	Yes
Pressure Sensitive:	Yes (Self Amalgamating)
Width:	5cm
Flexible:	Yes

Applications:

One of the key benefits of this non-tacky silicone tape is its flexibility. It can be easily wrapped around irregular shapes and surfaces, making it ideal for use in situations where a standard tape may not be suitable. The width of the tape, at 1 inch, also makes it easy to handle and apply, even in tight spaces.

As an inorganic insulation material, the zhonglei Self Fusing Silicone Tape is resistant to high temperatures and can withstand exposure to harsh weather conditions. This makes it a great choice for outdoor use, such as for sealing pipes or electrical cables.

There are many different occasions and scenarios where the zhonglei Self Fusing Silicone Tape can be useful. For example:

Repairing leaks in plumbing or pipes

Sealing electrical connections and cables

Protecting wiring and cables from abrasion and damage

Covering and protecting sharp edges or surfaces

Securing objects in place, such as bike racks or furniture

Overall, the zhonglei Self Fusing Silicone Tape is a reliable and convenient product that can be used in a variety of applications. Its waterproof and non-tacky properties make it a great choice for outdoor use, while its flexibility and ease of use make it a versatile option for a range of scenarios. Whether you're a DIY enthusiast or a professional tradesperson, this self sealing silicone tape is a must-have addition to your toolkit.

Customization:

Customize your zhonglei Self Fusing Silicone Tape with our product customization services. Our non-tacky silicone tape is made in China with high-quality rubber adhesive, ensuring a strong and secure hold for all your repair work needs. The black color of the tape is perfect for discreet repairs, and its heat-resistant feature makes it ideal for use in high-temperature environments. Additionally, our self sealing silicone tape is tear-resistant, providing long-lasting durability. Choose from a range of customizable options to create a product that meets your specific needs.

Product Attributes:

Brand Name: zhonglei

Place of Origin: China

Adhesive: Rubber

Color: Yellow

Application: For Repair Work

Feature: Heat-Resistant

Tear Resistant: Yes

With our self adhesive silicone tape, you can customize the width, length, and thickness of the tape to suit your specific needs. We also offer custom packaging options to ensure that your product is delivered in the most convenient way possible. Contact us today to learn more about our product customization services.

Support and Services:

The Self Fusing Silicone Tape is a high-quality, self-amalgamating silicone tape that is designed to provide superior performance and durability in a wide range of applications. Our product is made from high-grade silicone rubber, which ensures that it is highly resistant to heat, weather, and other environmental factors.

Our product is easy to use, and can be applied to a variety of surfaces, including metal, plastic, rubber, and more. It is ideal for use in automotive, electrical, plumbing, and marine applications, and can be used to repair leaks, insulate wires, and protect surfaces from abrasion and corrosion.

In addition to our high-quality product, we also offer a range of technical support and services to ensure that our customers get the best possible experience. Our technical support team is available to answer any questions you may have about our product, and can provide guidance on how to use it effectively.

We also offer a range of services, including custom product design and development, as well as product testing and evaluation. Our team of experts has years of experience in the industry, and can work with you to develop a solution that meets your specific needs and requirements.

Packing and Shipping:

Product Packaging:

The Self Fusing Silicone Tape will be packaged in a durable, sealed plastic bag to ensure its protection during shipping and storage. The bag will include the product label with its features, specifications, and usage instructions for easy identification and use.

Shipping:

We ship our products via standard shipping and expedited shipping options. Shipping rates will vary depending on the shipping method chosen and the destination of the package. We strive to ship orders within 24-48 hours of payment confirmation. Once shipped, customers will receive an email notification with their tracking number and estimated delivery date.
