### Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

### Product Specification

- Feature: Heat-Resistant
- Color: Yellow
- Easy To Use: Yes
- Pressure Sensitive: Yes
- Hs Code: 40082100
- Insulating: Yes
- Tear Resistant: Yes
- Application: For Repair Work
- Highlight: **Yellow Self Amalgamating Silicone Tape, Self Amalgamating Silicone Tape 5cm**

## Product Description

### Product Description:

Made from high-quality Silicone material, this Waterproof Silicone Wrapping Tape is incredibly durable and long-lasting, ensuring that your repairs will stand the test of time. This No Adhesive Required Self Fusing Silicone Tape is perfect for anyone who wants a clean and easy-to-use solution for their repair needs without the hassle of sticky adhesive residue.

Our Self Fusing Silicone Tape is incredibly versatile and can be used for a wide range of repair applications, including electrical repairs, automotive repairs, plumbing repairs, and more. Its waterproof properties make it ideal for use in damp or wet environments, making it a great choice for outdoor repairs as well.

With its sleek black color, this Self Fusing Silicone Tape will blend in seamlessly with your repair work, making it an excellent choice for those who want a discreet and professional-looking repair solution. Its easy-to-use design makes it a great choice for both professional and DIY repair work alike.

In conclusion, if you're looking for a high-quality Non-Tacky Self Fusing Silicone Tape that is easy to use, durable, waterproof, and versatile enough to be used in a wide range of repair applications, then look no further than our Self Amalgamating Silicone Tape. With its No Adhesive Required design and sleek black color, this Waterproof Silicone Wrapping Tape is the perfect solution for all your repair needs.

Adhesive: Rubber

Color: Yellow

Insulating: Yes

Width: 5cm

Classification: Inorganic Insulation Material

Features:

Self Bonding Silicone Tape

No-Residue Self Fusing Tape

Stretchable Silicone Repair Tape

### Technical Parameters:

Attribute	Value
Product Name	No-Residue Self Fusing Tape
Width	5cm
Easy To Use	Yes
Adhesive	Rubber
Color	Yellow
Pressure Sensitive	Yes
HS Code	40082100
Tear Resistant	Yes
Insulating	Yes
Flexible	Yes
No Adhesive Required	Yes
Description	Non-Tacky Silicone Tape, No-Residue Self Fusing Tape, Non-Tacky Silicone Tape

### Applications:

The Self Fusing Silicone Tape is ideal for repairs, maintenance, and installations in different applications. It can be used to seal leaks, fix pipes, repair wires, and insulate connections. Its self-bonding silicone tape feature makes it an efficient option for emergency repairs in the automotive, marine, and electrical industries. The tape can withstand high temperatures up to 500°F, making it an ideal choice for sealing and protecting components in extreme heat environments.

The Self Fusing Silicone Tape is stretchable and can conform to any surface, making it easy to use and apply. It is a perfect solution for sealing hoses and pipes, stopping leaks, and protecting electrical connections. It can be used to wrap tools and handles, providing a comfortable grip and a non-slip surface. It is also an excellent option for sealing ductwork and air conditioning units, preventing air leaks and reducing energy consumption.

The Self Fusing Silicone Tape is a versatile product that can be used for various occasions and scenarios. It can be used for plumbing repairs, electrical installations, automotive and marine repairs, and many other applications. Its pressure-sensitive properties make it an efficient option for quick fixes and emergency repairs. It is an ideal option for DIY enthusiasts, homeowners, mechanics, and professionals who need a reliable and easy-to-use solution for their repair and maintenance needs.

In summary, the Self Fusing Silicone Tape is a stretchable silicone repair tape that is tear-resistant, heat-resistant, and easy to use. It is a self-adhesive silicone tape that does not require any adhesive, making it an efficient solution for various applications. It is perfect for sealing leaks, fixing pipes, repairing wires, and insulating connections. Its self-bonding silicone tape feature makes it an ideal option for emergency repairs in the automotive, marine, and electrical industries. It is a versatile product that can be used for different occasions and scenarios, making it an essential item for any toolkit.

## Customization:

## Support and Services:

Our Self Fusing Silicone Tape product comes with comprehensive technical support and services to ensure that our customers get the most out of their purchase. Our team of experts is always available to provide guidance on the installation, usage, and maintenance of the product. We also offer troubleshooting services to help resolve any issues that may arise during the use of the product. In addition, we provide product training to ensure that our customers are well-equipped to handle any challenges that may come up. We offer on-site training, online training, and training manuals to suit the needs of our customers. Our product technical support and services are designed to provide a seamless experience for our customers, and we are committed to ensuring that they receive the highest level of support possible.

## Packing and Shipping:

Product Packaging:

The self fusing silicone tape comes in a compact and sturdy plastic case.

The case is easy to open and close, ensuring that the tape remains secure and protected.

The case also has a hook that allows it to be hung up for easy storage.

Shipping:

The self fusing silicone tape will be carefully packed in a box to ensure that it arrives in perfect condition.

Shipping is available worldwide, and delivery times will vary depending on your location.

We offer a range of shipping options to suit your needs, including express shipping for urgent orders.
