Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Tear Resistant: Yes
- Adhesive: Rubber
- Pressure Sensitive: Yes
- Feature: UV-Resistant
- Color: Grey
- No Adhesive Required: Yes
- Easy To Use: Yes
- Width: 5CM
- Highlight: **Grey Silicone Self Amalgamating Tape ,
35kv Silicone Self Amalgamating Tape**

Product Description

Product Description:

One of the key features of our Heat Resistant Silicone Tape is that it requires no adhesive, making it incredibly easy to use. Simply wrap it around your desired object and watch as it self-seals, providing a strong, tight seal that will keep out moisture, dust, and other contaminants. This Non-Tacky Silicone Tape is also tear-resistant, ensuring that it can withstand even the toughest conditions.

Our Heat Resistant Silicone Tape is made from high-quality rubber, which provides an excellent adhesive that will bond to a wide range of surfaces, including metal, plastic, and glass. This makes it ideal for use in a variety of applications, from automotive and plumbing to electrical and industrial.

Whether you're looking for a solution to seal your pipes, fix a leaky hose, or protect your electrical connections from moisture, our Heat Resistant Silicone Tape is the perfect choice. With its easy-to-use design, tear-resistant construction, and strong adhesive properties, it's the ultimate solution for all your sealing needs.

Features:

Product Name: Self Fusing Silicone Tape

Insulating: Yes (Insulating Self Fusing Tape)

Color: Grey

Flexible: Yes

Feature: Heat-Resistant

Adhesive: Rubber (Non-Tacky Silicone Tape)

Leaves no residue (No-Residue Self Fusing Tape)

Technical Parameters:

Product Attribute	Value
Product Name	Self Adhesive Silicone Tape
Classification	Inorganic Insulation Material
Material	Silicone
Width	5cm
Tear Resistant	Yes
Flexible	Yes
Pressure Sensitive	Yes
Adhesive	Rubber
Easy To Use	Yes
Application	For Repair Work
Hs Code	40082100
Additional Attributes	No-Residue Self Fusing Tape

Applications:

The Waterproof Silicone Wrapping Tape is a unique product that can be used for repairing and insulating in wet and damp environments. The tape can be used to seal leaks in pipes, hoses, and other equipment, making it perfect for outdoor and marine applications.

The No-Residue Self Fusing Tape is heat-resistant and insulating, making it suitable for use in electrical repairs. The tape can withstand high temperatures and is flexible, allowing it to conform to irregular surfaces. Its self-fusing feature eliminates the need for adhesives, making it easy to use and leaving no residue behind.

With its various features, the Stretchable Silicone Repair Tape by zhonglei is an essential product for repair work in homes, offices, and workshops. Its versatility and reliability make it a must-have in any toolkit. Whether it's for fixing leaky pipes, insulating electrical wires, or repairing outdoor equipment, this tape has got you covered.

Customization:

Choose zhonglei's Self Fusing Silicone Tape for a durable, long-lasting, and heat-resistant solution to your repair needs.

Support and Services:

Our Self Fusing Silicone Tape product comes with top-notch technical support and services to ensure that our customers have the best experience possible. Our team of experts are available to answer any questions you might have about the product and to provide

guidance on the best practices for use. Additionally, we offer product training sessions to help you and your team get the most out of the Self Fusing Silicone Tape. We also provide repair and maintenance services to keep your product in excellent condition. Our goal is to ensure that our customers are completely satisfied with their purchase and have the support they need to use the product effectively.

Packing and Shipping:

Product Packaging:
The Self Fusing Silicone Tape product comes in a compact and lightweight package that includes one roll of tape measuring 5cm in width and 5 m in length. The package is made of durable cardboard material that ensures the product stays protected during transit.

Shipping:
The Self Fusing Silicone Tape product is shipped directly to your doorstep using standard shipping methods. Orders are processed and shipped within 1-2 business days from the time of purchase. Shipping times may vary depending on your location, but typically take between 3-7 business days for delivery.
