Basic Information

- Place of Origin: China
- Brand Name: zhonglei
- Model Number: zl6030si
- Minimum Order Quantity: 500 rolls
- Supply Ability: 50000 Rolls per month

Product Specification

- Classification: Inorganic Insulation Material
- Feature: Heat-Resistant
- Pressure Sensitive: Yes
- Application: For Repair Work And Insulation Enhancing
- No Adhesive Required: Yes
- Flexible: Yes
- Width: 2 Inch
- Highlight: **flame retardant self amalgamating silicone tape, 35kv self amalgamating silicone tape, 35kv silicone self amalgamating tape**

Product Description

Product Description:

With a width of 2 inch, this Insulating Self Fusing Tape is easy to use and can be wrapped around any surface, making it perfect for electrical insulation, plumbing repairs, and automotive applications. The self-fusing design creates a secure bond that will not come undone, ensuring a long-lasting repair.

Unlike other tapes that can leave a sticky residue, this Non-Tacky Silicone Tape is self-sealing, leaving no mess behind. It is also resistant to chemicals, making it ideal for use in harsh environments.

Whether you're a professional electrician or a DIY enthusiast, the Self Sealing Silicone Tape is an essential tool for any toolkit. So why wait? Order yours today and experience the difference for yourself!

Features:

Product Name: Self Fusing Silicone Tape

Color: Red

Adhesive: Rubber

Material: Silicone

Also known as: Self Adhesive Silicone Tape, Self Amalgamating Silicone Tape

Technical Parameters:

Attribute	Value
Product Name	Non-Tacky Silicone Tape / Stretchable Silicone Repair Tape
Hs Code	40082100
Insulating	Yes
Pressure Sensitive	Yes
Width	1 Inch
Classification	Inorganic Insulation Material
Tear Resistant	Yes
No Adhesive Required	Yes
Flexible	Yes
Feature	Heat-Resistant
Easy To Use	Yes

Applications:

One of the most notable features of this tape is its tear-resistant quality. It can withstand high levels of stress, making it suitable for heavy-duty applications. Whether you need to fix a leaky pipe or seal a damaged wire, this tape can hold up for a long time.

The Self Fusing Silicone Tape is also characterized by its rubber adhesive. It is pressure-sensitive, which means that it can easily adhere to any surface without the need for additional adhesives. This feature makes it an excellent choice for emergency repairs as it can be applied quickly and easily.

Another great feature of this tape is that it is self-amalgamating, which means that it fuses to itself without leaving any residue. This feature makes it ideal for applications where a non-tacky silicone tape is required. It can be used to insulate wires, cables, and hoses without sticking to them, which makes it more convenient to use.

The Self Fusing Silicone Tape from Zhonglei is also easy to use. It can be cut to any length and applied to any surface by simply wrapping it around the object in question. It requires no special tools or skills, making it accessible to anyone who needs a quick fix.

Overall, the Self Fusing Silicone Tape from Zhonglei is a versatile and reliable product that can be used in various situations. It is perfect for DIY projects, home repairs, and emergency fixes. Whether you need to insulate, seal, or hold things together, this tape can get the job done.

Customization:

Support and Services:

Our Self Fusing Silicone Tape is designed to provide an airtight, waterproof and electrically insulating seal. It is easy to apply and adheres

to most surfaces, making it ideal for various applications such as automotive repairs, plumbing, electrical work, and more.
